Chairman's Word

Ladies and Gentlemen,

I have great pleasure in writing to you all shareholders on the performance of the company and the general economic environment in the world particularly after the unprecedented impact, the COVID-19 pandemic has left on the businesses and on human lives, which was never witnessed in recent times.

The company's operations are in travel and tourism industry and the hospitality industry has been among the sectors hit hardest by the Corona Virus pandemic, with the resulting lockdowns and economic slowdown decimating revenues and profits.

General Economic Environment

Global Economy:

Global economy grew by 6.1% in CY 2021, after declining 3.1% in CY 2020. Global economy is expected to grow at 3.2% in CY2022, below the long-term trend of 3.5%, primarily due to coordinated global monetary policy tightening along with the geopolitical tensions. Advanced Economies' (AEs) universe grew at a robust pace of 5.2% in CY 2021 and is expected to moderate in CY 2022 at 2.5%, with US and Euro Area growth expected at 2.3% and 2.6% respectively, supported by inventory restocking, universal immunisation, and strong pent-up demand from consumption and businesses. China grew by 8.1% in CY 2021 but is expected to slow to 3.3% in CY 2022 due to zero-tolerance COVID-19 policy, stringent restrictions on polluting industries and financial stress among major property developers. Global trade volume growth was robust in CY 2021 at 10.1%, and is expected to grow at a strong pace of 4.1% in CY 2022. Strong demand along with persistent supply-chain issues and high energy prices, have resulted in firming up of global inflationary pressures.

Indian Economy:

After witnessing a sharp decline of 6.6% in FY 2020-21, the Indian economy recorded a growth of 8.7% in FY2021-22 as per the provisional estimates by National Statistical Office. This is the strongest pace among major economies. The economic expansion has been supported by a strong national vaccination drive that enabled easing of COVID-19 related restrictions. India administered more than 177 crore doses of vaccine during the financial year, thereby fully vaccinating more than 60% of its population. The economic impact of the Omicron COVID-19 variant was relatively mild with most high-frequency indicators above pre-pandemic level. Urban demand remains strong with improved mobility and debit and credit card spending. Overall fuel consumption grew by 4% in FY 2021-22. Debit and credit card spending increased by 26% Y-o-Y in March 2022.

As per IMF India is expected to remain the fastest growing economy in FY 2022-23, growing at 7.4% led by expected improvement in credit growth, investment and consumption growth. Several high frequency indicators viz. railway freight, GST collections, electricity demand, import of capital goods, etc. have displayed robust growth during February and March 2022. There has been a significant rise in consumer optimism on the back of improved sentiments of the general economic situation. According to 'The Economist' - May 14, 2022 edition, India is expected to be the fastest growing big economy in the world. While the economy has been looking up in the fourth quarter of FY 2021-22, escalating geopolitical tensions in the Black Sea region resulting in significant hardening of international crude oil and other commodity prices, the loss of momentum in global trade and risk of future waves of COVID-19 infections pose downside risks to the outlook for India in line with the global economy.

Global Travel and Tourism Industry:

The global travel and tourism industry has historically been sensitive to macro and micro economic developments as well as socio economic and political influences. The financial year was significantly impacted by the uncertainty and volatility of the pandemic. In spite of high expectations, the post pandemic recovery did not develop as quickly as was hoped. Whilst the second and third COVID-19 waves prevented a strong return to travel, geo-political tensions, global trade disruptions and multiple supply side economic events created uncertainty for the global economy. The current year is likely to see the industry attain a value of US\$8.4 trillion and an expected return to its pre-pandemic levels of US\$9.6 trillion in 2023. The industry is fast adapting and continues to be proactive and agile in its response with traditional hospitality models also remaining resilient and strong. In India, tourism and hospitality remains one of the largest service industries, contributing an average 7% of GDP across the last decade. Increased business activity, a rise in domestic tourism, better road and airport infrastructure across the country are spurring a growth in travel. Whilst the pandemic did affect the first half of the year, we started seeing green shoots in the third quarter, culminating in strong growth in the final three months, aided by extended holidays and positive consumer sentiment.

Indian Hospitality Sector

The Indian hotel industry has been recovered very well during the fiscal 2021-22. Lifting of restrictions of international travel, wedding, social events and also increase in foreign tourist arrivals during the calendar year 2021 have Increased the business activity.

Your Company witnessed a growth in revenue with the removal of all restrictions on inter-state and foreign travel, relaxations by various State Governments and the increase vaccination drive across the country. The company achieved higher revenues across the business segments viz, rooms, Banquets and restaurants compared to previous financial year.

We are committed towards operating in an environmentally responsible manner while catering to the interests of our diverse stakeholders. The detailed performance of the company and its joint venture partner i.e. Greenwoods Palaces and Resorts Private Limited forms part of this Annual Report.

Acknowledgments

My sincere thanks to members of the Board for their guidance and invaluable advice I want to extend my heartfelt gratitude to all the employees of TAJGVK who dedicate their best to the organization and I count on continued support of Central and State Governments, Bankers, and all other stakeholders who reposed confidence in the company in a sustainable manner during these challenging times and look forward to engaging with them more intensely.

Note from the Managing Director

Dear Shareholders,

TAJGVK is happy to present the 27th Annual Report of your company.

I am writing to you when the entire world is slowly coming back to pre-pandemic levels. I hope that this finds you and your loved ones safe and healthy. The past few years have perhaps changed the way the business is carried on and the entire business environment altered the idea of normal way of carrying on business. The world has started to gain respite from the pandemic and there are clear signs of seeing light at the end of the tunnel. The results of the past year are testament to the resilience and strength showcased by the company's operations and people. On the one hand, it has underscored new and unique challenges that we now have to solve and on the other hand, the pace of change has thrown up unprecedented opportunities. To leverage these challenges and opportunities, organisations need to demonstrate quick thinking, sharp strategy and innovative business model.

I am happy to inform you that, we at TAJGVK remained committed to the safety, well-being and health of our guests and colleagues was made possible as a result of a courageous and determined response to challenges from our employees and all stakeholders. The hospitality industry was severely impacted during the Covid-19 years. However, the industry has been able to demonstrate remarkable resilience to bounce back from this period of unprecedented disruption. This recovery was aided by large-scale vaccination initiatives and corresponding easing of travel restrictions. This resulted in significant demand for domestic leisure tourism. For the first time in two years, nationwide hotel occupancies crossed 60% during the fourth quarter of the financial year under review. Increased economic activity, celebrations and events and a rebound in tourism provided stimulus to the sector, aided by improved consumer sentiment. We also believe that the Government's Incredible India campaign and extension of e-tourist visas to 171 countries will drive recovery in inbound global tourism.

The company has taken steps to enhance the liquidity and availed the ECLGS 3.0 working capital term loan from Banks. This scheme announced by the Ministry of Finance, Government of India was part of the stimulus package announced by the Government of India during Covid -19 pandemic disruptions.

Standalone Financials

During the year the company achieved Revenue of Rs.228.25 Crore as compared to Rs.96.82 Crore of the previous year and EBITDA was registered an increase of Rs.52.39 Crore to Rs.52.86 Crore in 2021-22 from Rs.0.47 Crore in the previous year. The company reported a Profit After Tax of Rs.9.71 Crore as compared to a Loss After Tax of Rs.26.13 Crore in the previous year.

Greenwoods Palaces and Resorts Pvt Ltd (JV Company which operates Taj Santacruz Hotel)

The company achieved Revenue of Rs.90.10 Crore as compared to Rs.48.43 Crore and EBITDA of Rs. 20.98 Crore as compared to Rs.10.33 Crore and Loss After Tax of Rs.15.97 Crore as against Loss After Tax of Rs.27.65 Crore of the previous year.

My sincere thanks to members of the Board for their guidance and invaluable advice and to our colleagues for their dedication and commitment to excellence. Finally, my thanks to all the shareholders for your unwavering and continuous support. I am confident that we shall continue to lead the way with outstanding hotels and services that have been the hallmark of our Company.

I also take this opportunity to thank all our stakeholders, employees, Bankers, Government Authorities for their continuing support, interest and confidence reposed in the Company.

Procedure to Raise Questions / Seek clarifications with respect to Annual Report:

- 23) As the AGM is being conducted through VC / OAVM, members are encouraged to express their views / send their queries in advance mentioning their name, DP Id and Client Id/Folio No., e-mail id, mobile number at tajgvkshares.hyd@tajhotels.com to enable smooth conduct of proceedings at the AGM. Questions / Queries received by the Company on or before 12.09.2022 on the aforementioned e-mail id shall only be considered and responded to during the AGM.
- 24) Members who would like to express their views or ask questions during the AGM may register themselves as a speaker by sending their request from their registered email address mentioning their name, DP Id and Client Id / Folio No., PAN, mobile number at tajgvkshares.hyd@tajhotels.com on or before 12.09.2022. Those Members who have registered themselves as a speaker will only be allowed to express their views/ask questions during the AGM. Speakers are requested to submit their questions at the time of registration, to enable the Company to respond appropriately.
- 25) The Company reserves the right to restrict the number of questions and number of speakers, as appropriate, to ensure the smooth conduct of the AGM.

Procedure for remote E-Voting and E-voting during the AGM:

- 26) In compliance with the provisions of Section 108 of the Companies Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Members have been provided with the facility to cast their vote electronically through the e-voting provided by National Securities Depository Limited (NSDL), on all the resolutions set forth in this Notice. The instructions for e-voting are given herein below.
- 27) The Members, whose names appear in the Register of Members / list of Beneficial Owners as on 05.09.2022, i.e. the date prior to the commencement of book closure, being the cut-off date, are entitled to vote on the Resolutions set forth in this Notice. A person who is not a Member as on the cut-off date should treat this Notice of AGM for information purpose only.
- 28) The remote e-voting period commences on **12.09.2022 (9:00 A.M. IST) and ends on 14.09.2022 (5:00 P.M. IST)**. During this period, Members of the Company, holding shares either in physical form or in dematerialized form, as on the **cut-off date i.e., 05.09.2022**, may cast their vote by remote e-voting. The remote e-voting module shall be disabled by NSDL for voting thereafter. Once the vote on a resolution is cast by the Members, the Member shall not be allowed to change it subsequently.
- 29) In addition, the facility for voting through electronic voting system shall also be made available during the AGM. Members attending the AGM who have not cast their vote by remote e-voting shall be eligible to cast their vote through e-voting during the AGM. Members who have voted through remote e-voting shall be eligible to attend the AGM, however, they shall not be eligible to vote at the meeting.

The details of the process and manner for remote e-voting are explained herein below:

Management Discussion and Analysis

FORWARD LOOKING STATEMENT

Your Company has been reporting consolidated results taking into account the results of its joint venture company i.e. Greenwoods Palaces and Resorts Private Limited (which operates the Taj Santacruz Hotel in Mumbai). The Management Discussion and Analysis section therefore, covers the financial results of your Company for the financial year 2021-22. Some statements describing the projections, estimates, expectations or outlook, may be forward looking. Actual results may, however, differ materially from those stated, on account of various factors such as changes in government regulations, tax regimes, economic developments within India, exchange rates and interest rates fluctuations, impact of competition, demand and supply constraints, etc.

GLOBAL ECONOMY

Global economy grew by 6.1% in CY 2021, after declining 3.1% in CY 2020. Global economy is expected to grow at 3.2% in CY2022, below the long-term trend of 3.5%, primarily due to coordinated global monetary policy tightening along with the geopolitical tensions. Advanced Economies' (AEs) universe grew at a robust pace of 5.2% in CY 2021 and is expected to moderate in CY 2022 at 2.5%, with US and Euro Area growth expected at 2.3% and 2.6% respectively, supported by inventory restocking, universal immunisation, and strong pent-up demand from consumption and businesses. China grew by 8.1% in CY 2021, but is expected to slow to 3.3% in CY 2022 due to zero-tolerance COVID-19 policy, stringent restrictions on polluting industries and financial stress among major property developers. Global trade volume growth was robust in CY 2021 at 10.1%, and is expected to grow at a strong pace of 4.1% in CY 2022. Strong demand along with persistent supply-chain issues and high energy prices, have resulted in firming up of global inflationary pressures. Recent geopolitical tensions have further exacerbated the global inflation scenario. US inflation has continued to inch up and recorded June 2022 CPI inflation at 9.1%, highest since CY 1981, with broad-based rise in price pressures, while Euro-Area inflation climbed to a record 8.6% in June, primarily led by energy components. Crude oil averaged at \$ 75/bbl in Apr'21 - Jan'22 period and above \$100/bbl during Feb'22 - June'22 with outbreak of conflict in Europe. Disruption in trade flows, high energy prices and tightening of crude and refining demand-supply, along with strengthening of refining margins to historical highs could impact near-term demand growth. Rise in inflationary pressures has led global central banks to begin reversal of their accommodative monetary stance, with the US Federal Reserve beginning the taper of asset purchase program in November 2021 and subsequently raising interest rates by 225 bps cumulatively since March. Even though post-pandemic reopening of the global economy is expected to provide further impetus to the demand, global monetary policy tightening in the face of rising inflationary pressures and geopolitical uncertainties could impact the near-term demand outlook. IMF expects inflation to remain elevated in the near-term averaging 6.6% in Advanced Economies and 9.5% in Emerging Market and Developing Economies (EMDEs) in CY 2022, before subsiding in CY 2023 as supply chain disruptions ease and demand rebalances take place.

INDIAN ECONOMY

After witnessing a sharp decline of 6.6% in FY 2020-21, the Indian economy recorded a growth of 8.7% in FY2021-22 as per the provisional estimates by National Statistical Office. This is the strongest pace among major economies. The economic expansion has been supported by a strong national vaccination drive that enabled easing of COVID-19 related restrictions. India administered more than 177 crore doses of vaccine during the financial year, thereby fully vaccinating more than 60% of its population. The economic impact of the Omicron COVID-19 variant was relatively mild with most high-frequency indicators above pre-pandemic level. Urban demand remains strong with improved mobility and debit and credit card spending. Overall fuel consumption grew by 4% in FY 2021-22. Debit and credit card spending increased by 26% Y-o-Y in March 2022. However, overall auto sales have been weak on the back of persistent supply chain shortages around the world. Industrial indicators continued to remain robust, with manufacturing and services PMI in expansion zone for most of the year. Electricity demand for FY 2021-22 grew by 8% Y-o-Y, even after the economy witnessed coal shortages in early part of October 2021. Government revenue generation remained robust with GST collections averaging more than Rs.1.2 lakh crore per month, increasing 31% Y-o-Y. Digital adoption gathered further pace with growth in UPI payments during FY 2021-22 rising more than 100% Y-o-Y. RBI maintained its accommodative monetary stance, keeping reference rates unchanged during FY 2021-22. Subsequently, with rising inflationary pressure, RBI raised repo rate by 90 bps, withdrawing its accommodative stance and very likely to raise the repo rate further in order to curtail inflation. India's merchandise exports crossed US\$400 billion during the year, growing at more than 40% Y-o-Y led by engineering goods, petroleum products and gems & jewellery. India's foreign exchange reserves remained above \$600 billion by the end of FY 2021-22, providing a cushion against external shocks. Indian government's financial policy is centred around growth and gradual fiscal consolidation. With a budgeted fiscal deficit of 6.4% for FY 2022-23, focus remains on capital expenditure. Major policy initiatives during the year included continuation of COVID19-related relief measures and a focus on Production Linked Incentive (PLI) schemes in various key sectors to provide impetus to investment, growth and employment. As per IMF India is expected to remain the fastest growing economy in FY 2022- 23, growing at 7.4% led

by expected improvement in credit growth, investment and consumption growth. Several high frequency indicators viz. railway freight, GST collections, electricity demand, import of capital goods, etc. have displayed robust growth during February and March 2022. There has been a significant rise in consumer optimism on the back of improved sentiments of the general economic situation. According to 'The Economist' - May 14, 2022 edition, India is expected to be the fastest growing big economy in the world. While the economy has been looking up in the fourth quarter of FY 2021-22, escalating geopolitical tensions in the Black Sea region resulting in significant hardening of international crude oil and other commodity prices, the loss of momentum in global trade and risk of future waves of COVID-19 infections pose downside risks to the outlook for India in line with the global economy.

GLOBAL HOSPITALITY AND TOURISM INDUSTRY

Global tourism continued to be impacted in 2021 by repeated waves of the pandemic and consequent reintroduction of travel restrictions. International tourist arrivals across the world in 2021 were 421 Million, 4.6% over that of 2020 but lower by 71.3% compared to 2019 according to data from the United Nations World Tourism Organisation (UNWTO). In absolute numbers, international arrivals at destinations worldwide were still far less by a billion travellers in 2021 than the pre-pandemic levels of 2019. Asia and the Pacific registered an absolute decline in international arrivals in 2021 over 2020 by 64.7%. International tourist arrivals in South Asia were at 5.7 Million, lower by 42.9% from 2020 and 83.1% from 2019. In 2019, South Asia had 33.7 Million international tourist arrivals. Amongst other regions, international tourist arrivals in 2021 over 2020 to North America and Africa grew by 22.2% and 13.9% respectively while the Middle East declined by 8.3%. All these regions are trailing their pre-pandemic levels by large margins.

International tourist arrivals increased by 130% in January 2022, higher by 18 Million. Even though the increase in arrivals during January 2022 was the same as that for the entire 2021 over 2020, it was 67.1% lower than the pre-pandemic level of January 2019. South Asia recorded an increase of 135.3% in arrivals in January 2022 over the same month in 2021. The encouraging results were impacted by the Omicron variant of COVID-19 virus and re-introduction of travel restrictions across several countries.

INDIAN HOSPITALITY AND TOURISM INDUSTRY

FY 2021-22 has been a year of strong recovery in the Indian travel and tourism industry. While flight restrictions continued for most part of the year subduing international travel, demand was largely from pent-up domestic leisure travel, extended stays, wedding, social events and a partial resumption of business travel in the country. Total air passenger traffic within India in 2021 was 182 Million, higher than 2020 by 27% but lower than 2019 by 48%. Of this, 164 Million or 90% constituted domestic air passenger traffic. (HVS Anarock - India Hospitality Industry Overview 2021 and Airports Authority of India data). In contrast, foreign tourist arrivals were 1.41 Million for the calendar year 2021 in comparison with 2.74 Million in 2020 and 10.93 Million in 2019 (Government of India, Ministry of Tourism Annual Report - 2021-22).

As per Horwath HTL Market Report: India Hotel Market Review 2021, calendar year occupancy for 2021 was 43.5% in comparison with 32.0% in 2020 and 24.9% during the initial pandemic period of March to December 2020. The recovery from the 'second wave' of COVID-19 was quicker and demand during the period July to September 2021 was particularly strong.

OUTLOOK

Subsequent waves of the COVID-19 virus have resulted in a quicker of economic activity and mobility with comparatively lower disruption in livelihoods. This was also strengthened by higher vaccinated population, low-fatality-quick recovery rate of the Omicron variant and better healthcare preparedness in the country. These factors have resulted in higher consumer confidence which is expected to improve the prospects for travel and tourism within the country. While various State Governments have eased regional travel restrictions, the Government of India recently ended its COVID-19 containment measures under the Disaster Management Act and resumed regular international flights, thus paving the way for greater inflow of international tourist arrivals to India. The Indian tourism industry achieved peak occupancies of 90% without international inbound travel and with lower levels of business travel. With these segments beginning to rebound demand forecast is expected to be robust. Corporate business travel is more likely to resume for purposes of client acquisitions, relationship building, industry conferences, exhibitions and tradeshows. Increase in international travellers to leisure destinations as well as inbound travel for weddings, conferences and events along with pent-up demand among domestic travellers are expected to further increase occupancies. Increasing demand for rooms coupled with a favourable demand-supply equation in branded accommodations should progressively improve average room rates. This is substantiated by the business performance for April 2022 which was better than that of April 2019. Finally, large scale development of infrastructure by the Government, including roads, railways, metro-railways, airports and ports will aid long term growth of tourism and hospitality sector in India. These investments, coupled with coordinated

efforts of Government ministries along with the industry should provide major stimulus for growth of Indian travel and tourism going forward.

PROPERTY UPGRADES AND RENOVATIONS

We carry out necessary upgradations to keep our hotels in good condition and to offer better value in terms of great ambience and comfort, while keeping the needs of our customers at the core of these changes. Due to the COVID-19 pandemic, only essential and productivity enhancing capital expenditures were incurred as part of liquidity management.

ENVIRONMENT, HEALTH AND SAFETY

We are committed towards operating in an environmentally responsible manner while catering to the interests of our diverse stakeholders.

During the year, we took various measures to mitigate the impact of our operations on the climate and environment and preserve the planet for the future generations.

Optimising use of natural resources such as energy and water and managing waste efficiently are some of our priority focus areas. We have persistently worked towards optimising energy and water usage and responsible waste management. The hotels have generated significant savings by conserving water and energy and installing organic waste convertors to reduce waste sent to landfill.

Your Company's hotel i.e. Taj Club House, Chennai utilises power from renewable energy sources, which not only helps in reducing the carbon footprint, but also in optimising cost of power. We source 3 Million units renewable energy mainly through Power Purchase Agreements with private power producers operating in the green power sector. Additionally, we emphasise on reducing our energy consumption wherever possible. Waste management is an integral part of your Company's environment management endeavour. Your Company promotes waste reduction, as well as segregation and recycling. The Hotel units either process waste using onsite waste treatment plants or engages certified vendors to promptly collect the waste for further processing. Sludge from sewage treatment plants is safely disposed by the agencies contracted for the management of these units. We are committed to phasing out single-use plastics across all our properties and have been making steadfast progress towards this goal every year. Water is a critical and scarce resource for local communities and for our industry. We are aware of the increasing water stress in our areas of operation and the need to strive for maximum water efficiency. We optimise our water consumption and work hard to mitigate our impact on the availability of freshwater. We manage our water resources and utility in an efficient manner, thereby ensuring there is no water shortage at any time. Water security assessment of hotels is undertaken regularly to identify water-related risks and strengthen preparedness to manage them.

Safety continues to be one of the top priority areas of your Company wherein all measures have been taken to ensure safety of all stakeholders. Your Company continues to drive awareness on safety across hotels. Common safety hazards and their safeguards have been highlighted in specially designed animated safety videos and case studies based on true incidents continue to be shared with the hotels as a learning tool. The approach of routinely identifying safety risks associated with operations helps your Company implement appropriate and effective mitigation plans and ensures adherence to overall Safety compliance. The Fire and Life Safety (FLS) audits, Standard Operating Procedures (SOPs) on safety such as Safe Sewage Treatment Plant Operations, Safe Banqueting Operations, Visitors etc., To ensure a continuous focus on safety, we created and implemented a Basic Safety Training Module for all hotels. This will act as an induction as well as refresher module for all employees. Other training interventions by the Tata group Safety Office such as the Occupational Safety, Health & Working Conditions Code, 2020 and Other EHS Legislation Updates and Motor Vehicle Business Travel on Roads and On-site vehicle movement have been well attended by our safety champions. Teams at hotels continue to drive health, safety and security awareness sessions continuously, thus ensuring unwavering focus.

FOOD SAFETY, HYGIENE AND CLEANLINESS

Continuous improvement of the Food Safety Management System by training and optimising the capacities of people, processes and technologies is an ongoing exercise. To increase the rigour in respect of Food Safety, Hygiene and Cleanliness audits were conducted by an external audit partner, ensuring implementation of FSSAI guidelines and standards. In order to address the challenges posed on account of the COVID-19 pandemic, your Company has taken several measures to ensure safety and wellbeing of its associates and guests. Following are some of the safety measures undertaken at hotel units.

- Provisions of Hand sanitizers while entering the hotel premises and at various locations inside
- Temperature monitoring at time office and main gate
- Sanitisation of baggage

- Mask for all the staff while entering for duty and for guests
- Cleaning and sanitisation of all the touch at regular intervals
- Social distancing is maintained at all areas by rearranging the tables/chairs, foot markings etc
- Disinfection of guest rooms after each check outs
- Awareness sessions for staff on COVID 19.

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors are responsible for the preparation of other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

The said other information is expected to be made available to us after the date of this audit report.

When we read the other information, when furnished to us, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and the shareholders.

Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act read with the Rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the year ended 31st March 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the director is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Managerial Personnel during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.

- ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
2. The Company has not declared or paid any dividend during the year under report.
3. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of TAJGVK Hotels & Resorts Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **TAJGVK Hotels & Resorts Limited** (the “Company”) as of March 31, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Annexure “B”

to the Independent Auditor’s Report

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of TAJGVK Hotels & Resorts Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company’s Property, Plant and Equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
 - (b) During the year, the company has not conducted the physical verification of fixed assets. The company has a policy to conduct physical verification all the fixed assets (Property, Plant and Equipment) once in 3 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
 - (c) According to the information and explanations furnished to us, and based on the records examined by us, the title deeds of immovable properties included in the fixed assets register are held in the name of the Company.
 - (d) The Company has not revalued any of its Property, Plant and Equipment (including right- of-use assets) and intangible assets during the year.
 - (e) Based on the information, explanations and representations furnished to us during the course of our audit, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. (a) As per the information and explanations furnished to us, the company’s inventories have been physically verified by the Management during the year. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material and have been properly dealt with in books of account.
- (b) The Company has been sanctioned working capital limits in excess of Rs.5 crore from banks or financial institutions on the basis of security of current assets. Management has represented to us that the Overdraft sanctioned is a clean overdraft and does not require submission of any returns or statements to the Banks or financial institutions and have not submitted any returns or statements to the Banks or financial institutions during the year and hence this clause 3(ii)(b) of the Order is not applicable.
- iii. As per the information and explanations furnished to us, the Company has not made investments in companies, firms, Limited Liability Partnerships, and nor granted any unsecured loans to other parties, during the year. The Company has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties.

Accordingly, reporting under the provisions of Clause 3 (iii), (iii) (a), (iii) (b), (iii) (c), (iii) (d), (iii) (e) and (iii) (f) of the said Order does not arise.
- iv. According to the information and explanations furnished to us, the Company has not granted any loans, or made any investments or provided any guarantees or security during the year to any of the parties specified in Sections 185 and 186 of the Companies Act, 2013. Accordingly, reporting under the provisions of Clause 3 (iv) of the said Order does not arise.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from public or amounts which are deemed to be deposits within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed thereunder to the extent notified. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. The maintenance of cost records has not been specified by the Central Government under sub- section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.
- vii. In respect of statutory dues:
 - (a) According to the information and explanations furnished to us, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees’ State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2022, on account of disputes, as per the information and explanations furnished to us, are given below:

Name of the Statute	Nature of Dues	Amount Rs. In Lakhs	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax	51.57	2006-07	CIT (Appeals)
		18.77	2007-08	ITAT, Hyderabad
AP VAT Act	VAT	294.04	2008-09 to 2010-11	Hon'ble High Court of Telangana
		13.36	2008-09	Sales Tax Tribunal
Service Tax	Service Tax	2477.10	2006-07 to 2010-11	CESTAT, Hyderabad
		50.52	2013-2017	CESTAT, Hyderabad

- viii. According to the information and explanations furnished to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. (a) According to the information and explanations given to us, and based on the records examined by us, the Company has not defaulted in respect of repayment of loans or borrowings to financial institutions, banks.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has obtained Emergency Credit Line Guarantee Scheme Loans (3.0) during the year, which are sanctioned as part of comprehensive package announced by Finance Ministry on 13/05/2020, to Business Enterprises in view of the economic distress caused by the COVID-19 pandemic to meet working capital requirements. According to the information and explanations given to us and based on the records examined by us, the said loans were used to meet the working capital requirements of the company.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its Joint Venture Company.
- (f) The Company has not raised any loans during the year on the pledge of securities held in its joint venture and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. (a) No fraud by the Company or any fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report and hence this clause is not applicable.
- (c) According to the information and explanation given to us, the Company has not received any whistle blower complaints during the year and upto the date of this report.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

- xv. According to the information and explanations furnished to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors.
- xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.
- (b) In our opinion, the Company has not conducted any Non-Banking Financial or Housing Finance activities.
- (c) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clauses 3(xvi) (c) &(d) of the Order are not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the company has incurred cash losses of Rs.1944 Lakhs in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) other than on ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act.
- (b) According to the information and explanations given to us and based on our examination of the records of the Company, there are no unspent amounts in respect of ongoing projects, that are required to be transferred to a Specified Fund under sub-section(6) of section 135 of the Companies Act.
- xxi. According to the information and explanations given to us, and based on the report of the other auditor of the Joint Venture Company furnished to us, there are no qualification / adverse remarks in the Companies (Auditor's Report) Order (CARO) report of the Joint Venture Company included in the Consolidated financial statements.

1. General information

TAJGVK Hotels & Resorts Limited ("TAJGVK" / "the Company") was incorporated on 02nd February, 1995 in the erstwhile state of Andhra Pradesh, India. The Company is a joint venture between the GVK Group and Indian Hotels Company Limited. The Company is primarily engaged in the business of owning, operating & managing hotels, palaces and resorts with the brand name of "TAJ".

2. These financial statements were authorized for issue by a resolution of the Board of Directors passed on May 10, 2022.

3. Summary of Significant Accounting Policies

i. Statement of compliance:

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time. The accounting policies as set out below have been applied consistently to all years presented in these financial statements.

ii. Basis of preparation of financial statements:

These financial statements have been prepared under the historical cost convention on accrual basis except certain financial instruments measured at fair value other than those with carrying amounts that are reasonable approximations of fair values.

iii. Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in India requires management where necessary, to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised.

iv. Classification of Assets and Liabilities into current and Non-current

The company presents its assets and liabilities in the Balance Sheet based on current/non-current classification;

An asset is treated as current when it is:

- a) Expected to be realized or intended to be sold or consumed in the normal operating cycle; or
- b) Held primarily for the purpose of trading; or
- c) Expected to be realized within twelve months after the reporting period; or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when it is :

- a) Expected to be settled in the normal operating cycle;
- b) Held primarily for the purpose of trading;
- c) Expected to be settled within twelve months after the reporting period; or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current

The operating cycle is the time between the acquisition of assets and their realization in cash and cash equivalents. Based on the services rendered and their realizations in cash and cash equivalents, the company has ascertained its operating cycle is 12 months for the purpose of current and non-current classification of assets and liabilities.

v. Exceptional Items

Items of income and expense within profit or loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such items are disclosed separately as exceptional items.

vi. Revenue Recognition:

- a. Income from guest accommodation is recognised on a day to day basis after the guest checks into the Hotels. Income from Food and Beverages are recognised at the point of serving these items to the guests. Income stated is exclusive of taxes collected. Rebates and discounts granted to customers are reduced from revenue.
- b. Shop rentals are recognized on accrual basis.
- c. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
- d. Insurance claims are recognized as and when they are settled / admitted.

vii. Inventories:

Inventories comprise Raw Material, Stores & Spares and are valued at cost ascertained under Weighted Average Method.

viii. Property Plant and equipment:

- a. Property Plant and equipment are stated at cost, net of credit availed in respect of any taxes, duties less accumulated depreciation. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Financing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for intended use are also included to the extent they relate to the period up to such assets are ready for their intended use. Expenditure directly relating to construction/erection activity is capitalized. Indirect expenditure incurred during construction period is capitalized as part of the construction cost to the extent such expenditure is related to construction or is incidental thereto.

Direct expenditure during construction period attributable to the cost of assets under construction is considered as capital work in progress and indirect expenditure is included under expenditure during construction period pending allocation.

- b. Subsequent expenditure incurred on existing fixed assets is added to their book value only if such expenditure increases the future benefits from the existing assets beyond their previously assessed standard of performance.
- c. In the transition to Ind-AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as of April 1, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

ix. Intangible assets:

- a. Intangible assets are carried at cost, net of credit availed in respect of any taxes and duties, less accumulated amortization. Computer software is classified under "Intangible Assets".
- b. In the transition to Ind-AS, the Company has elected to continue with the carrying value of all of its intangible assets recognized as of April 1, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

x. Depreciation and Amortisation:

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible fixed assets has been provided under the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been re-assessed as under based on technical evaluation, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Plant and machinery	: 10 to 20 years
Electrical installations and equipment	: 20 years
Hotel Wooden Furniture	: 15 years
Non-wooden furniture & fittings	: 8 years
End User devices- Computers, Laptops, etc	: 6 years

Intangible assets with finite lives are amortized over their estimated useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization periods are reviewed and impairment evaluations are carried out once a year. The rates currently used for amortizing intangible assets are as under:

Computer Software	: 6 years
-------------------	-----------

xi. Leases:

Effective April 1, 2019 the company has applied Ind AS 116 which replaces Ind AS 17 Leases.

Lessee:

On inception of a contract, the company (as a lessee) assesses whether it contains a lease. A contract is, or contains a lease when it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether: (i) the contract involves the use of an identified asset (ii) the company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the company recognizes a right-to-use asset ("RTU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-to-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for initial direct costs incurred, lease payments made at or before the commencement date, any asset restoration obligation, and less any lease incentives received. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are also adjusted for any re-measurement of lease liabilities. Unless the company is reasonably certain to obtain ownership of the leased assets or renewal of the leases at the end of the lease term, recognised right-of-use assets are depreciated to a residual value over the shorter of their estimated useful life or lease term.

The lease liability is initially measured at the present value of the lease payments to be made over the lease term. The lease payments include fixed payments and variable lease payments that depend on an index or a rate, less any lease incentives receivable. In calculating the present value of lease payments, the company uses its incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease term includes periods subject to extension options which the company is reasonably certain to exercise and excludes the effect of early termination options where the company is not reasonably certain that it will exercise the option.

Lease liability and RTU asset have been separately presented in the Balance Sheet and lease payments are presented as amortization of RTU assets along with depreciation and interest on lease liability along with finance cost.

Lessor:

Rental income from operating lease is recognised on a straight line basis over the lease term unless payments to the Company are structured to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increase. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. No change in recognition or disclosure is made to lease rentals earned by the company in the capacity as a lessor, pursuant to adoption of Ind AS 116.

xii. Foreign Exchange Transactions:

The Company's financial statements are presented in Indian Rupee (INR), which is also the Company's functional currency.

- a. **Initial recognition:** Transactions in foreign currencies are initially recorded at the exchange rates (INR spot rate) prevailing on the date of the transaction.
- b. **Conversion:** Foreign currency monetary items are reported at the exchange rates (INR spot rate) on Balance Sheet date.
- c. **Exchange Difference:** Exchange differences arising on the settlement of monetary items, on reporting of such monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or expense in the year in which they arise. Foreign currency assets / liabilities are restated at the rates prevailing at the year end and the gain / loss arising out of such restatement is taken to revenue.

xiii. Retirement Benefits:

a. Defined Contribution Plan:

Company's contribution towards Provident Fund, Employees State Insurance Corporation and Labour Welfare Fund are recognized in the Statement of Profit and Loss.

b. Defined Benefit Plan:

Gratuity:

Gratuity to employees is covered under Group Gratuity Life Assurance Scheme. At the reporting date, Company's liability towards gratuity is determined by independent actuarial valuation using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Obligation is measured at the present value of estimated future cash flows using a discount rate that is determined by reference to market yields at the Balance Sheet date on Government Bonds where the currency and terms of the Government bonds are consistent with the currency and estimated terms of the defined benefit obligation.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment and
- The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognizes the following changes in the net defined benefit obligation as an expense in its statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Remeasurement, comprising actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurement is not reclassified to profit or loss in subsequent periods.

Compensated Absences

At the reporting date, Company's liability towards compensated absences is determined by independent actuarial valuation using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Actuarial gain and losses are recognized in the Statement of Profit and Loss as income or expense. Obligation is measured at the present value of estimated future cash flows using a discount rate that is determined by reference to market yields at the Balance Sheet date on Government Bonds where the currency and terms of the Government bonds are consistent with the currency and estimated terms of the defined benefit obligation.

xiv. Borrowing Costs:

General and specific borrowing costs directly attributable to the acquisition, construction of qualifying assets, which take a substantial period of time to get ready for their intended use, is initially carried under expenditure incurred during the construction period and the borrowing cost till the assets are substantially ready for their intended use is added to the cost of those assets.

All other borrowing costs are recognized in Statement of Profit and Loss in the period in which they are incurred.

xv. Taxes on income:

Tax expense comprising of current tax and deferred tax are considered in the determination of the net profit or loss for the year.

- a. Current tax: Provision for current tax is made for Income-tax liability estimated to arise on the profit for the year at the current rate of tax in accordance with the Income-tax Act, 1961.
- b. Deferred Tax: Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred tax liabilities are generally recognized for all taxable temporary differences. The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax liabilities and assets are measured at tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

- c. **Minimum alternate tax (MAT) credit:** MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal tax within the specified period and the MAT credit available can be utilized. Such asset is reviewed at each Balance Sheet date and the carrying amount is written down if considered not recoverable within the specified period.

xvi. Earnings per share:

- a. **Basic earnings per share:** Basic earnings per share is calculated by dividing the net profit or loss for the year after tax attributable to equity share holders by weighted average number of equity shares outstanding during the period.
- b. **Diluted earnings per share:** Diluted earnings per share is calculated by dividing the net profit or loss for the year after tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

xvii. Impairment of non-financial assets:

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss.

xviii. Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

xix. Contingent Liabilities and Contingent Assets:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

The Company does not recognize a contingent asset but discloses its existence in the financial statements if the inflow of economic benefits is probable.

xx. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits and warrant account with banks for unclaimed dividend.

xxi. Investment in subsidiaries, associates and joint ventures

A joint venture is a type of joint arrangement where under the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

The Company has accounted for its investment in joint ventures at cost.

Transition to Ind-AS: On transition to Ind AS, the Company has elected to continue with the carrying value of all its Investment in joint ventures recognised as at 1 April 2015 measured as per previous GAAP.

xxii. Financial assets

Initial recognition and measurement:

All financial assets are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset, in the case of financial assets not recorded at fair value through profit or loss.

Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortized cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

De-recognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Financial liabilities

Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, or as loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss.

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate method (EIR). Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

De-recognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

xxiii. Significant accounting judgements, estimates and assumptions

The preparation of the company's standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances existing when the financial statements were prepared. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognised in the year in which the estimates are revised and in any future year affected.

In the process of applying the Company's accounting policies, management has made the following Judgements, estimates and assumptions which have significant effect on the amounts recognised in the financial statements:

Provisions and Contingency

The Company has assessed the probable unfavourable outcomes and creates provisions where necessary. Where these are assessed as not probable or where they are probable upon a contingency, they are disclosed as contingent liability.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Based on future projections of taxable profit and MAT, the Company has assessed that the entire MAT credit can be utilised.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Allowance for uncollectible trade receivables

Trade receivables do not carry interest and are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amounts. Estimated irrecoverable amounts are based on the aging of the receivable balances and historical experiences. Individual trade receivables are written off when management deems them not be collectible.

Expense charged to profit and loss account	42.54	47.53
Amount recognized outside profit and loss account	27.51	(44.21)
Employer Contributions	(132.77)	-
Net Liability recognized in the Balance Sheet	158.48	221.20

e. Description of Plan Assets

Particulars	As at March 31, 2022	As at March 31, 2021
Insurer Managed Funds	100%	100%

The principal assumptions used in determining gratuity and leave benefit obligation in the above plans are as under:

Particulars	Current Year	Previous Year
Discount Rate	6.85%	6.60%
Mortality Rate	Indian Assured Lives Mortality (2012-14) Ult	Indian Assured Lives Mortality (2012-14) Ult
Salary Escalation rate	5.00%	5.00%

Sensitivity Analysis:

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points.

	Period Ended	
	March 31, 2022	March 31, 2021
Discount rate (p.a)	6.85%	6.60%
Salary Escalation rate (p.a)	5.00%	5.00%

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analyses.

(All amounts are Rs.in Lakhs, otherwise stated)

Compensated Absences:

The Company's liability towards un-funded leave encashment is determined by independent actuarial valuation using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation.

The Defined Benefit Obligation of compensated absence in respect of the employees of the Company as at 31st March, 2022 works out to Rs.2,54,69,643/- (2021: Rs. 2,55,53,740/-)

The discount rate and salary escalation rate is the same as adopted for gratuity liability valuation.

The estimates of future salary increases (which has been set in consultation with the company) takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

31. Corporate Social Responsibility Expenditure

During 2nd phase of Covid 19 pandemic, the company was requested to help the government with supply of vaccines, ambulance services and oxygen cylinders. The company after taking the approval of the CSR committee approved to spend the CSR amount pertaining to FY 2021-22 aggregating to Rs. 24.47 lakhs. The company also spent an additional expenditure of Rs. 36.91 lakhs in advance during FY2021-22. In addition to this, the company also spent the CSR budget pertaining to FY2020-21 aggregating to Rs. 69.87 lakhs in the current FY2021-22. The entire CSR expenses were incurred through GVK EMRI towards supply of vaccines, oxygen cylinders and ambulance services during 2nd wave of COVID-19 pandemic.

32. A reconciliation of the income tax provision to the amount computed by applying the statutory income tax rate to the profit before tax is summarized below:

Particulars	Current Year	Previous Year
Profit before tax	1,873.24	(3,599.96)
Income tax rate as applicable	27.82%	29.12%
Calculated taxes based on above, without any adjustments for deductions	545.49	(1,001.51)

Others	268.34	33.12
Income tax expense recognized in the Statement of Profit and Loss	882.74	(955.15)
Rounded off to	882.74	(955.15)

33. In the opinion of the Board of Directors of the company, the current assets, loans and advances are expected to realize in the ordinary course of business approximately the value at which they are stated in accounts.

34. Segmental Reporting

The Company's only business being hoteliering, disclosure of segment-wise information under Accounting Standard (AS) 108 "Segmental Information" notified by the Companies (Accounting Standards) Rules, 2006 (as amended) does not arise. There is no geographical segment to be reported since all the operations are undertaken in India.

35. Risk Management, Objectives and Policies

Risks and Concerns

Economic Risks: Hotel business in general is sensitive to fluctuations in the economy. The hotel sector may be unfavourably affected by changes in global and domestic economies, changes in local market conditions, excess room supply, reduced international or local demand for hotel rooms and associates services, competition in the industry, government policies and regulations, fluctuations in interest rates and foreign exchange rates and other natural and social factors. Since demand for hotels is affected by world economic growth, a global recession could lead to a downturn in the hotel industry.

(All amounts are Rs.in Lakhs, otherwise stated)

Socio-Political Risks: The HHotel industry faces risk from volatile socio-political environment, internationally as well as within the country. India, being one of the fastest growing economies of the world in the recent past, continues to attract investments. However, any adverse events such as political instability, conflict between nations, terrorist attacks or spread of any epidemic or security threats to any countries may affect the level of travel and business activity.

Security Risks: The Hotel industry demands peace at all times to flourish. The biggest villain in South East Asia has been terrorism supplemented by political instability. Subsequent to the Mumbai terror attacks in November 2008, the hotel industry has invested substantially on security and intelligence. The security concerns have been duly addressed instilling confidence in the customer by providing international standards of safety.

Business interruption risk on account of unprecedented events like a pandemic: A pandemic like the Covid-19 outbreak confronts the hospitality industry with an unprecedented challenge. It causes a severe downturn in all streams of business. With lockdowns and resultant travel and mobility restrictions, all corporate and leisure travel comes to a halt. With the fear of pandemic spread in enclosed spaces, stay-at-home orders, social distancing and community lockdowns, all restaurants and banquet business gets severely affected with restaurants resorting to business from take-outs and banquet functions being conducted with limited attendance. Hygiene standards and pandemic protocols need to be strictly implemented to instil confidence into the customer and recover from any such incidence.

Company-specific Risks

Heavy Dependence on India

Risk of wage inflation: The hotel industry needs quality employees and with demand for the same improving across the industry, the Company feels that wage inflation would be a critical factor in determining costs for the Company. Thus, your Company will continue to focus on improving manpower efficiencies and creating a lean organization, while maximizing effectiveness in terms of customer service and satisfaction, which is an area of great importance for your Company.

Foreign Exchange Risk: Your Company may be impacted by the fluctuation of the Indian Rupee against other foreign currencies. To mitigate this risk the Company has migrated to single currency billing in Indian Rupees.

Project Implementation Risk: Your Company may be impacted by delays in implementation of projects which would result in increasing project cost and loss of potential revenue. To mitigate this risk, the Company has in place an experienced project team supported by the leading external technical consultants and a dedicated project management company. The Company will endeavour to complete its projects on time at optimal cost so as to maximize the profitability.

36. Capital management

The Company's policy is to maintain strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of business.

The Company manages its Capital structure through a balanced mix of debt and equity. The Company's capital structure is influenced by the changes in the regulatory frameworks, government policies, available options of financing and impact of the same on liquidity position.

The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The table below shows the Gearing ratio for FY 2021-22 and FY 2020-21.

Particulars	March 31, 2022	March 31, 2021
Borrowings	17,019.27	17,853.03
Trade Payables	5,376.33	4,931.02
Less: Cash & Cash Equivalents	3,385.35	1,072.60
	19,010.24	21,711.45
Equity Capital	39,473.28	38,502.29
Equity Capital and Net Debt	58,483.52	60,213.74
Gearing Ratio	33%	36%

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2022 and 31 March 2021.

37. Fair Values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

Particulars	Carrying Values		Fair Values	
	March 31, 2022	March 31, 2021	March 31, 2022	March 31, 2021
Financial Assets				
Investments	11,026.80	11,026.80	11,026.80	11,026.80
Other financial assets	321.65	390.95	321.65	390.95
Tax Assets (Net)	2,162.01	2,300.42	2,162.01	2,300.42
Trade Receivables	958.34	945.23	958.34	945.23
Cash and Cash Equivalents	3,385.35	1,072.60	3,385.35	1,072.60
Bank balances other than cash and cash equivalents	15.10	18.79	15.10	18.79
Other financial assets	1,353.48	1,006.63	1,353.48	1,006.63
Total	19,222.73	16,761.42	19,222.73	16,761.42
Financial Liabilities				
Non-current Borrowings	11,812.48	13,667.35	11,812.48	13,667.35
Other non-current financial Liabilities				
Liabilities	160.94	171.42	160.94	171.42
Current Borrowings	5,166.34	4,426.14	5,166.34	4,426.14
Trade Payables	5,376.33	4,931.02	5,376.33	4,931.02
Other current financial Liabilities	476.33	394.92	476.33	394.92
Total	22,992.42	23,590.85	22,992.42	23,590.85

The management assessed that fair value of cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

39. Financial risk management objectives and policies

The Company is exposed to financial risk such as Market Risk (Interest Rate Risk, fluctuation in foreign exchange rates and price risk), credit risk and liquidity risk. The general risk management program of the Company focuses on the unpredictability of the financial markets and attempts to minimize their potential negative influence on the financial performance of the Company. The Company continuously reviews its risk exposures and takes measures to limit it to acceptable levels. The Board of Directors have the overall responsibility for the establishment and oversight of the Company's risk management framework.

(All amounts are Rs.in Lakhs, otherwise stated)

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk i.e. interest rate risk, foreign currency risk and other price risk. Financial instruments of the Company affected by market risk include borrowings and deposits.

The sensitivity analysis in the following sections relate to the position as at 31 March 2022 and 31 March 2021.

The analysis exclude the impact of movements in market variables on the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities.

The following assumptions have been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2022 and 31 March 2021.

Interest rate risk

The interest rate risk arise from long term borrowing of the company with variable interest rates (Bank one year MCLR plus spread). Although the spread is fixed, it is subject to change at fixed time interval or occurrence of specified event(s). Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Increase / (decrease) in Interest Rate	Increase / (decrease) in profit before tax
March 31, 2022		
INR	0.5% p. a.	(89.26)
INR	(0.5%) p. a.	89.26
March 31, 2021		
INR	0.5% p. a.	(82.81)
INR	(0.5)% p. a.	82.81

Price risk

Price risk is the risk of fluctuations in the change in prices of equity Investments. The Company's investment in JV company is of strategic in nature rather than for trading purpose.

Credit risk

Credit risk is the risk arising from credit exposure to customers and the counter party will default on its contractual obligations.

The Company has adopted a policy of only dealing with creditworthy customers/ corporates to minimise collection losses. Credit Control team assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. Advance payments are obtained from customers in banknotes, as a means of mitigating the risk of financial loss from defaults.

The carrying amount of trade and other receivables, advances to suppliers, cash and short-term deposits and interest receivable on deposits represents company's maximum exposure to the credit risk. No other financial asset carry a significant exposure with respect to the credit risk. Deposits and cash balances are placed with Schedule Commercial banks.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company also holds advances as security from customers to mitigate credit risk.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments held by the Company are in the nature of investment in jointly controlled entity and also an investment in an alternate energy supply company as required under the respective State energy policy. Both the categories are unquoted non-trade equity.

Liquidity risk

Liquidity risk is the risk that the Company will have difficulty in raising the financial resources required to fulfil its commitments. Liquidity risk is held at low levels through effective cash flow management. Cash flow forecasting is performed internally by rolling forecasts of the Company's liquidity requirements to ensure that it has sufficient cash to meet operational requirements, to fund scheduled capex and debt repayments and to comply with the terms of financing documents.

The Company primarily uses short-term bank facilities in the nature of bank overdraft facility to fund its ongoing working capital requirements.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

Independent Auditor's Report

To The Members of
TAJGVK Hotels & Resorts Limited
Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated financial statements of **TAJGVK Hotels & Resorts Limited** ("the Holding Company") and its Joint Venture company which is incorporated in India (the Holding Company and its said Joint Venture together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the Consolidated state of affairs of the Company as at March 31, 2022, the Consolidated net profit and Consolidated total comprehensive income, Consolidated changes in equity and its Consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (Act). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Consolidated Financial Statements and Auditor's Report there on

The Holding Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

The said other information is expected to be made available to us after the date of this audit report. When we read the other information, when furnished to us, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and the shareholders.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the Consolidated financial position, consolidated financial performance, Consolidated total comprehensive income, Consolidated changes in equity and Consolidated cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Boards of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, the respective Boards of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its said joint venture have an adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.

- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue the going concern assumption in preparing these Consolidated Financial Statements. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- The consolidated financial statements include the Holding Company's share of net loss of Rs. 780 Lakhs for the year ended March 31, 2022, as considered in the consolidated financial statements, in respect of its said Joint Venture, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion, in so far as it relates to the amounts and disclosures included in respect of the said Joint Venture is based solely on the report of the other auditor.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- As required by Section 143(3) of the Act, based on our audit we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books.
 - The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
 - In our opinion, the aforesaid Consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rules made thereunder and in force for the time being.
 - On the basis of the written representations received from the Directors as on March 31, 2022 taken on record by the Board of Directors of the Company and its Joint Venture Company incorporated in India and the report of the statutory auditors of the said Joint Venture company, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Managerial Personnel during the year is in accordance with the provisions of section 197 of the Act.

- g) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in “Annexure A” which is based on the auditor’s reports of the Company and its said Joint Venture Company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.
- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. (Refer Note 22)
 - ii. The Company and its Joint Venture Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its said Joint Venture Company.
 - iv. (a) the respective managements of the Company and its Joint Venture which is incorporated in India, whose financial statements have been audited under the Act, have represented that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) the respective management of the Company and its Joint Venture which is incorporated in India, whose financial statements have been audited under the Act, have represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the company from any person or entity, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its Joint Venture which is incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
 - v. The Company has not declared or paid any dividend during the year under report.

Annexure “A”

to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of TAJGVK Hotels & Resorts Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **TAJGVK Hotels & Resorts Limited** (“the Company”) and its Joint Venture Company which is incorporated in India as of March 31, 2022 in conjunction with our audit of the Consolidated financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The respective Boards of Directors of the Company and its said Joint Venture Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit and on that of the said Joint Venture based on the report of its Auditor. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of the Management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company and its said Joint Venture have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to its said Joint Venture Company, is based on the corresponding report of the auditors of the said Joint Venture Company.

1. General information

TAJGVK Hotels & Resorts Limited ("TAJGVK" / "the Company") was incorporated on 02nd February, 1995 in the erstwhile state of Andhra Pradesh, India. The Company is a joint venture between the GVK Group and Indian Hotels Company Limited. The Company is primarily engaged in the business of owning, operating & managing hotels, palaces and resorts with the brand name of "TAJ".

2. These financial statements were authorized for issue by a resolution of the Board of Directors passed on May 10, 2022.

3. Principles of Consolidation

i) The Consolidated financial statements have been prepared on the following basis:

The Consolidated financial statements comprise of the financial statement of TAJGVK Hotels and Resorts Ltd (herein after referred to as "the Company") and a Joint Venture Company (herein after referred to as "the JV").

Names of the Joint Venture	Country of incorporation	As at March 31, 2022	As at March 31, 2021
Greenwoods Palaces and Resorts Pvt Ltd	India	48.99%	48.99%

ii) A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decision about the relevant activities require unanimous consent of the parties sharing control.

The investment in the jointly controlled entity is accounted for using the equity method from the date on which the investee became a joint venture. Under the equity method, a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the joint venture since the acquisition date. Goodwill relating to the joint venture is included in the carrying amount of the investment and is not tested for impairment individually. Share of losses incurred in the joint venture are reduced, to the extent, from the carrying amount of the investment.

The statement of profit and loss reflects the Group's share of the results of operations of the joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the joint venture, the Group recognizes its share of any changes, when applicable, in the statement of changes in equity. Unrealized gains and losses resulting from transactions between the Group and the joint venture are eliminated to the extent of the interest in the joint venture.

4. Summary of Significant Accounting Policies

i. Statement of compliance:

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time. The accounting policies as set out below have been applied consistently to all years presented in these financial statements.

ii. Basis of preparation of financial statements:

These financial statements have been prepared under the historical cost convention on accrual basis except certain financial instruments measured at fair value other than those with carrying amounts that are reasonable approximations of fair values.

iii. Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in India requires management where necessary, to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised.

iv. Classification of Assets and Liabilities into current and Non-current

The company presents its assets and liabilities in the Balance Sheet based on current/non-current classification;

An asset is treated as current when it is:

- a) Expected to be realized or intended to be sold or consumed in the normal operating cycle; or
- b) Held primarily for the purpose of trading; or
- c) Expected to be realized within twelve months after the reporting period; or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when it is :

- a) Expected to be settled in the normal operating cycle;
- b) Held primarily for the purpose of trading;
- c) Expected to be settled within twelve months after the reporting period; or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current

The operating cycle is the time between the acquisition of assets and their realization in cash and cash equivalents. Based on the services rendered and their realizations in cash and cash equivalents, the company has ascertained its operating cycle is 12 months for the purpose of current and non-current classification of assets and liabilities.

v. Exceptional Items

Items of income and expense within profit or loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such items are disclosed separately as exceptional items.

vi. Revenue Recognition:

- a. Income from guest accommodation is recognised on a day to day basis after the guest checks into the Hotels. Income from Food and Beverages are recognised at the point of serving these items to the guests. Income stated is exclusive of taxes collected. Rebates and discounts granted to customers are reduced from revenue.
- b. Shop rentals are recognized on accrual basis.
- c. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
- d. Insurance claims are recognized as and when they are settled / admitted.

vii. Inventories:

Inventories comprise Raw Material, Stores & Spares and are valued at cost ascertained under Weighted Average Method.

viii. Property Plant and equipment:

- a. Property Plant and equipment are stated at cost, net of credit availed in respect of any taxes, duties less accumulated depreciation. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Financing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for intended use are also included to the extent they relate to the period up to such assets are ready for their intended use. Expenditure directly relating to construction/erection activity is capitalized. Indirect expenditure incurred during construction period is capitalized as part of the construction cost to the extent such expenditure is related to construction or is incidental thereto.
Direct expenditure during construction period attributable to the cost of assets under construction is considered as capital work in progress and indirect expenditure is included under expenditure during construction period pending allocation.
- b. Subsequent expenditure incurred on existing fixed assets is added to their book value only if such expenditure increases the future benefits from the existing assets beyond their previously assessed standard of performance.
- c. In the transition to Ind-AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as of April 1, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

ix. Intangible assets:

- a. Intangible assets are carried at cost, net of credit availed in respect of any taxes and duties, less accumulated amortization. Computer software is classified under “Intangible Assets”.
- b. In the transition to Ind-AS, the Company has elected to continue with the carrying value of all of its intangible assets recognized as of April 1, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

x. Depreciation and Amortisation:

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible fixed assets has been provided under the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been re-assessed as under based on technical evaluation, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Plant and machinery	10 to 20 years
Electrical installations and equipment	20 years
Hotel Wooden Furniture	15 years
Non-wooden furniture & fittings	8 years
End User devices- Computers, Laptops, etc	6 years

Intangible assets with finite lives are amortized over their estimated useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization periods are reviewed and impairment evaluations are carried out once a year. The rates currently used for amortizing intangible assets are as under:

Computer Software : 6 years

xi. Leases:

Effective April 1, 2019 the company has applied Ind AS 116 which replaces Ind AS 17 Leases.

Lessee:

On inception of a contract, the company (as a lessee) assesses whether it contains a lease. A contract is, or contains a lease when it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether: (i) the contract involves the use of an identified asset (ii) the company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the company recognizes a right-to-use asset (“RTU”) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-to-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for initial direct costs incurred, lease payments made at or before the commencement date, any asset restoration obligation, and less any lease incentives received. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are also adjusted for any re-measurement of lease liabilities. Unless the company is reasonably certain to obtain ownership of the leased assets or renewal of the leases at the end of the lease term, recognised right-of-use assets are depreciated to a residual value over the shorter of their estimated useful life or lease term.

The lease liability is initially measured at the present value of the lease payments to be made over the lease term. The lease payments include fixed payments and variable lease payments that depend on an index or a rate, less any lease incentives receivable. In calculating the present value of lease payments, the company uses its incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease term includes periods subject to extension options which the company is reasonably certain to exercise and excludes the effect of early termination options where the company is not reasonably certain that it will exercise the option.

Lease liability and RTU asset have been separately presented in the Balance Sheet and lease payments are presented as amortization of RTU assets along with depreciation and interest on lease liability along with finance cost.

Lessor:

Rental income from operating lease is recognised on a straight line basis over the lease term unless payments to the Company are structured to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increase. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. No change in recognition or disclosure is made to lease rentals earned by the company in the capacity as a lessor, pursuant to adoption of Ind AS 116.

xii. Foreign Exchange Transactions:

The Company's financial statements are presented in Indian Rupee (INR), which is also the Company's functional currency.

- a. Initial recognition:** Transactions in foreign currencies are initially recorded at the exchange rates (INR spot rate) prevailing on the date of the transaction.
- b. Conversion:** Foreign currency monetary items are reported at the exchange rates (INR spot rate) on Balance Sheet date.
- c. Exchange Difference:** Exchange differences arising on the settlement of monetary items, on reporting of such monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or expense in the year in which they arise. Foreign currency assets / liabilities are restated at the rates prevailing at the year end and the gain / loss arising out of such restatement is taken to revenue.

xiii. Retirement Benefits:

a. Defined Contribution Plan:

Company's contribution towards Provident Fund, Employees State Insurance Corporation and Labour Welfare Fund are recognized in the Statement of Profit and Loss.

b. Defined Benefit Plan:

Gratuity:

Gratuity to employees is covered under Group Gratuity Life Assurance Scheme. At the reporting date, Company's liability towards gratuity is determined by independent actuarial valuation using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Obligation is measured at the present value of estimated future cash flows using a discount rate that is determined by reference to market yields at the Balance Sheet date on Government Bonds where the currency and terms of the Government bonds are consistent with the currency and estimated terms of the defined benefit obligation.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment and
- The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognises the following changes in the net defined benefit obligation as an expense in its statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Remeasurement, comprising actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurement is not reclassified to profit or loss in subsequent periods.

Compensated Absences

At the reporting date, Company's liability towards compensated absences is determined by independent actuarial valuation using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Actuarial gain and losses are recognized in the Statement of Profit and Loss as income or expense. Obligation is measured at the present value of estimated future cash flows using a discount rate that is determined by reference to market yields at the Balance Sheet date on Government Bonds where the currency and terms of the Government bonds are consistent with the currency and estimated terms of the defined benefit obligation.

xiv. Borrowing Costs:

General and specific borrowing costs directly attributable to the acquisition, construction of qualifying assets, which take a substantial period of time to get ready for their intended use, is initially carried under expenditure incurred during the construction period and the borrowing cost till the assets are substantially ready for their intended use is added to the cost of those assets.

All other borrowing costs are recognized in Statement of Profit and Loss in the period in which they are incurred.

xv. Taxes on income:

Tax expense comprising of current tax and deferred tax are considered in the determination of the net profit or loss for the year.

a. Current tax: Provision for current tax is made for Income-tax liability estimated to arise on the profit for the year at the current rate of tax in accordance with the Income-tax Act, 1961.

b. Deferred Tax: Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred tax liabilities are generally recognized for all taxable temporary differences. The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax liabilities and assets are measured at tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

c. Minimum alternate tax (MAT) credit: MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal tax within the specified period and the MAT credit available can be utilized. Such asset is reviewed at each Balance Sheet date and the carrying amount is written down if considered not recoverable within the specified period.

xvi. Earnings per share:

a. Basic earnings per share: Basic earnings per share is calculated by dividing the net profit or loss for the year after tax attributable to equity share holders by weighted average number of equity shares outstanding during the period.

b. Diluted earnings per share: Diluted earnings per share is calculated by dividing the net profit or loss for the year after tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

xvii. Impairment of non-financial assets:

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss.

xviii. Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

xix. Contingent Liabilities and Contingent Assets:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

The Company does not recognize a contingent asset but discloses its existence in the financial statements if the inflow of economic benefits is probable.

xx. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits and warrant account with banks for unclaimed dividend.

xxi. Investment in subsidiaries, associates and joint ventures

A joint venture is a type of joint arrangement where under the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

The Company has accounted for its investment in joint ventures at cost.

Transition to Ind-AS: On transition to Ind AS, the Company has elected to continue with the carrying value of all its Investment in joint ventures recognised as at 1st April, 2015 measured as per previous GAAP.

xxii. Financial assets

Initial recognition and measurement:

All financial assets are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset, in the case of financial assets not recorded at fair value through profit or loss.

Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortized cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

De-recognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Financial liabilities

Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, or as loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss.

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate method (EIR). Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

De-recognition :

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

xxiii. Significant accounting judgements, estimates and assumptions

The preparation of the company's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances existing when the financial statements were prepared. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognised in the year in which the estimates are revised and in any future year affected.

In the process of applying the Company's accounting policies, management has made the following Judgements, estimates and assumptions which have significant effect on the amounts recognised in the financial statements:

Provisions and Contingency: The Company has assessed the probable unfavourable outcomes and creates provisions where necessary. Where these are assessed as not probable or where they are probable upon a contingency, they are disclosed as contingent liability.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Based on future projections of taxable profit and MAT, the Company has assessed that the entire MAT credit can be utilised.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Allowance for uncollectible trade receivables

Trade receivables do not carry interest and are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amounts. Estimated irrecoverable amounts are based on the aging of the receivable balances and historical experiences. Individual trade receivables are written off when management deems them not be collectible.

Expense charged to profit and loss account	42.54	47.53
Amount recognized outside profit and loss account	27.51	(44.21)
Employer Contributions	(132.77)	-
Net Liability recognized in the Balance Sheet	158.48	221.20

e. Description of Plan Assets

Particulars	As at March 31, 2022	As at March 31, 2021
Insurer Managed Funds	100%	100%

The principal assumptions used in determining gratuity and leave benefit obligation in the above plans are as under:

Particulars	Current Year	Previous Year
Discount Rate	6.85%	6.60%
Mortality Rate	Indian Assured Lives Mortality (2012-14) Ult	Indian Assured Lives Mortality (2012-14) Ult
Salary Escalation rate	5.00%	5.00%

Sensitivity Analysis:

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points.

	Period Ended	
	March 31, 2022	March 31, 2021
Discount rate (p.a)	6.85%	6.60%
Salary Escalation rate (p.a)	5.00%	5.00%

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analyses.

Compensated Absences:

The Company's liability towards un-funded leave encashment is determined by independent actuarial valuation using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation.

The Defined Benefit Obligation of compensated absence in respect of the employees of the Company as at 31 March 2022 works out to Rs.2,54,69,643/- (2021: Rs. 2,55,53,740/-)

The discount rate and salary escalation rate is the same as adopted for gratuity liability valuation.

The estimates of future salary increases (which has been set in consultation with the company) takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Others	268.34	33.12
Income tax expense recognized in the Statement of Profit and Loss	882.74	(955.15)
Rounded off to	882.74	(955.15)

33. In the opinion of the Board of Directors of the company, the current assets, loans and advances are expected to realize in the ordinary course of business approximately the value at which they are stated in accounts.

34. Segmental Reporting

The Company's only business being hoteliering, disclosure of segment-wise information under Accounting Standard (AS) 108 "Segmental Information" notified by the Companies (Accounting Standards) Rules, 2006 (as amended) does not arise. There is no geographical segment to be reported since all the operations are undertaken in India.

35. Risk Management, Objectives and Policies

Risks and Concerns

Economic Risks: Hotel business in general is sensitive to fluctuations in the economy. The hotel sector may be unfavourably affected by changes in global and domestic economies, changes in local market conditions, excess room supply, reduced international or local demand for hotel rooms and associates services, competition in the industry, government policies and regulations, fluctuations in interest rates and foreign exchange rates and other natural and social factors. Since demand for hotels is affected by world economic growth, a global recession could lead to a downturn in the hotel industry.

Socio-Political Risks: The Hotel industry faces risk from volatile socio-political environment, internationally as well as within the country. India, being one of the fastest growing economies of the world in the recent past, continues to attract investments. However, any adverse events such as political instability, conflict between nations, terrorist attacks or spread of any epidemic or security threats to any countries may affect the level of travel and business activity.

Security Risks: The Hotel industry demands peace at all times to flourish. The biggest villain in South East Asia has been terrorism supplemented by political instability. Subsequent to the Mumbai terror attacks in November 2008, the hotel industry has invested substantially on security and intelligence. The security concerns have been duly addressed instilling confidence in the customer by providing international standards of safety.

(All amounts are Rs.in Lakhs, otherwise stated)

Business interruption risk on account of unprecedented events like a pandemic: A pandemic like the Covid-19 outbreak confronts the hospitality industry with an unprecedented challenge. It causes a severe downturn in all streams of business. With lockdowns and resultant travel and mobility restrictions, all corporate and leisure travel comes to a halt. With the fear of pandemic spread in enclosed spaces, stay-at-home orders, social distancing and community lockdowns, all restaurants and banquet business gets severely affected with restaurants resorting to business from take-outs and banquet functions being conducted with limited attendance. Hygiene standards and pandemic protocols need to be strictly implemented to instil confidence into the customer and recover from any such incidence.

Company-specific Risks

Heavy Dependence on India

Risk of wage inflation: The hotel industry needs quality employees and with demand for the same improving across the industry, the Company feels that wage inflation would be a critical factor in determining costs for the Company. Thus, your Company will continue to focus on improving manpower efficiencies and creating a lean organisation, while maximising effectiveness in terms of customer service and satisfaction, which is an area of great importance for your Company.

Foreign Exchange Risk: Your Company may be impacted by the fluctuation of the Indian Rupee against other foreign currencies. To mitigate this risk the Company has migrated to single currency billing in Indian Rupees.

Project Implementation Risk: Your Company may be impacted by delays in implementation of projects which would result in increasing project cost and loss of potential revenue. To mitigate this risk, the Company has in place an experienced project team supported by the leading external technical consultants and a dedicated project management company. The Company will endeavour to complete its projects on time at optimal cost so as to maximise the profitability.

36. Capital management

The Company's policy is to maintain strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of business.

The Company manages its Capital structure through a balanced mix of debt and equity. The Company's capital structure is influenced by the changes in the regulatory frameworks, government policies, available options of financing and impact of the same on liquidity position.

The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The table below shows the Gearing ratio for FY 2021-22 and FY 2020-21.

Particulars	March 31, 2022	March 31, 2021
Borrowings	17,019.27	17,853.03
Trade Payables	5,376.33	4,931.02
Less: Cash & Cash Equivalents	3,385.35	1,072.60
	19,010.25	21,711.45
Equity Capital	36,833.96	36,705.82
Equity Capital and Net Debt	55,844.20	58,417.27
Gearing Ratio	34%	37%

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2022 and 31 March 2021.

37. Fair Values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

Particulars	Carrying Values		Fair Values	
	March 31, 2022	March 31, 2021	March 31, 2022	March 31, 2021
Financial Assets				
Investments	8,387.48	9,230.33	8,387.48	9,230.33
Other financial assets	321.65	390.95	321.65	390.95
Tax Assets (Net)	2,162.01	2,300.42	2,162.01	2,300.42
Trade Receivables	958.34	945.23	958.34	945.23
Cash and Cash Equivalents	3,385.35	1,072.60	3,385.35	1,072.60
Bank balances other than cash and cash equivalents	15.10	18.79	15.10	18.79
Other financial assets	1,353.48	1,006.63	1,353.48	1,006.63
Total	16,583.41	14,964.95	16,583.41	14,964.95
Financial Liabilities				
Non-current Borrowings	11,812.48	13,667.35	11,812.48	13,667.35
Other non-current financial Liabilities	160.94	171.42	160.94	171.42
Current Borrowings	5,166.34	301.14	5,166.34	301.14
Trade Payables	5,376.33	4,931.02	5,376.33	4,931.02
Other current financial Liabilities	476.33	4,519.92	476.33	4,519.92
Total	22,992.42	23,590.85	22,992.42	23,590.85

The management assessed that fair value of cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

39. Financial risk management objectives and policies

The Company is exposed to financial risk such as Market Risk (Interest Rate Risk, fluctuation in foreign exchange rates and price risk), credit risk and liquidity risk. The general risk management program of the Company focuses on the unpredictability of the financial markets and attempts to minimize their potential negative influence on the financial performance of the Company. The Company continuously reviews its risk exposures and takes measures to limit it to acceptable levels. The Board of Directors have the overall responsibility for the establishment and oversight of the Company's risk management framework.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk i.e. interest rate risk, foreign currency risk and other price risk. Financial instruments of the Company affected by market risk include borrowings and deposits.

The sensitivity analysis in the following sections relate to the position as at 31st March, 2022 and 31st March, 2021.

The analysis exclude the impact of movements in market variables on the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities.

The following assumptions have been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2022 and 31 March 2021.

Interest rate risk

The interest rate risk arise from long term borrowing of the company with variable interest rates (Bank one year MCLR plus spread). Although the spread is fixed, it is subject to change at fixed time interval or occurrence of specified event(s). Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Increase / (decrease) in Interest Rate	Increase / (decrease) in profit before tax
March 31, 2022		
INR	0.5% p. a.	(89.26)
INR	(0.5%) p. a.	89.26
March 31, 2021		
INR	0.5% p. a.	(82.81)
INR	(0.5)% p. a.	82.81

Price risk

Price risk is the risk of fluctuations in the change in prices of equity Investments. The Company's investment in JV company is of strategic in nature rather than for trading purpose.

Credit risk

Credit risk is the risk arising from credit exposure to customers and the counter party will default on its contractual obligations.

The Company has adopted a policy of only dealing with creditworthy customers/ corporates to minimise collection losses. Credit Control team assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. Advance payments are obtained from customers in banquets, as a means of mitigating the risk of financial loss from defaults.

The carrying amount of trade and other receivables, advances to suppliers, cash and short-term deposits and interest receivable on deposits represents company's maximum exposure to the credit risk. No other financial asset carry a significant exposure with respect to the credit risk. Deposits and cash balances are placed with Schedule Commercial banks.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company also holds advances as security from customers to mitigate credit risk.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments held by the Company are in the nature of investment in jointly controlled entity and also an investment in an alternate energy supply company as required under the respective State energy policy. Both the categories are unquoted non-trade equity.

Liquidity risk

Liquidity risk is the risk that the Company will have difficulty in raising the financial resources required to fulfil its commitments. Liquidity risk is held at low levels through effective cash flow management. Cash flow forecasting is performed internally by rolling forecasts of the Company's liquidity requirements to ensure that it has sufficient cash to meet operational requirements, to fund scheduled capex and debt repayments and to comply with the terms of financing documents.

The Company primarily uses short-term bank facilities in the nature of bank overdraft facility to fund its ongoing working capital requirements.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.
