MANAGEMENT DISCUSSION AND ANALYSIS

Management discussion and analysis of the financial condition and results of operations of the Company for the period under review as required under Clause 49 of the Listing Agreement with the Stock Exchanges, is given a separate statement in the Annual Report.

IMPACT ON HOSPITALITY BUSINESS

The year 2012-13 was a challenging and tough year due to influx of competition, slow down in the Indian economy along with global economic crisis. Though the storm had passed there were still signs of turbulent weather for the global hospitality industry in the year 2012-13. As whole, the industry looked pretty bright in many parts of the world. There were some geographies of the globe that did well, while other geographies struggled to achieve positive growth. An increase in the supply of new hotel rooms put pressure on hotel rates throughout the season, but efforts on achieving higher occupancy rates and garnering higher food and beverage business helped the hotel industry sail through this year.

OTHER INFORMATION

The Audit Committee of the Company reviewed the financial statements for the year under review at its meeting held on 30th April 2013 and recommended the same for the approval of the Board of Directors. Your Company's effort towards conservation of energy, which results in savings in consumption of electricity, a significant component of the energy cost, is an ongoing process.

The Company continues to absorb and upgrade modern technologies and advanced hotel management techniques

in various guest contact areas, which includes wireless internet connectivity in all the hotels.

FOREIGN EXCHANGE EARNINGS AND OUTGO

As required under Section 217(1)(e) of the Companies Act, 1956, read with rule 2 of the Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988, the information relating to foreign exchange earnings and outgo is given in Note No.22 iii & iv.

ACKNOWLEDGEMENTS

Your Directors would like to express their grateful appreciation for the assistance and co-operation received from customers, banks, suppliers, shareholders, Central and State Governments and other statutory authorities and others associated with the Company. Your directors also wish to

place on record their deep sense of appreciation for the excellent contribution made by employees at all levels, during the year under review.

Management Discussion and Analysis

1. ECONOMIC OVERVIEW:

Indian economy slowed down to an eight year low in the year 2012-13 resulting from slow growth in the global economy, volatile economic scenario in the Euro-zone and high inflation scenario which kept the cost of funds high, thus slowing down the roll-out of big infrastructure projects. Gross domestic product probably increased 5 percent in 2012-13, the slowest pace since 2002-2003. However, economists are of the opinion that India's worst economic slowdown in a decade has bottomed out and growth is expected to pick up to 6.4 percent in the current fiscal year. The Prime Minister's Economic Advisory Council said that the government needs to do more in the coming months to facilitate new investments for speedy execution of projects. This coupled with normal rains will usher in a broad-based economic recovery. The Council said it expects the full-year current account deficit, seen as the main worry for the economy, to narrow to 4.7 percent in the current financial year from 5.1 percent in the last year, helped by higher exports and lower gold imports. It forecast headline inflation of 6 percent in the current financial year, allowing room for the RBI to persist with monetary easing. Wholesale price-based inflation, India's main inflation indicator, slowed to 5.96 percent in March, its lowest level since November 2009.

The large-scale fiscal stimulus actions and monetary easing that followed the Lehman shock were curtailed from around mid-2010 and tightening ensued with negative effects appearing in 2012-13 in the form of slowing domestic demand. Sporadic slowdowns in developed economies continued suppressing the BRICs economies due to the lower external demand. In terms of the world economy, with the problem of fiscal deficits in the developed countries stemming from enlarged government debt and instability in the financial markets still remaining, economic growth in the developed countries was moderate at around less than 2% and that in emerging economies at less than 6%. While there is currently little room for monetary

easing, the prerequisite for a full economic recovery would be an upturn in the world economy as well as accelerated investment in the economy and a recovery in domestic production based on progress on economic reform.

2. HOSPITALITY & TOURISM INDUSTRY OVERVIEW:

Though the storm had passed there were still signs of turbulent weather for the global hospitality industry in the year 2012-13. As a whole, the industry looked pretty bright in many parts of the world. There were some areas of the globe that did well, while other geographies struggled to achieve positive growth. While it was quite clear that Europe whilst dealing with its deeply troubling economic issues saw a downturn in tourist arrivals, some countries did fare better than others. China emerged as a more important player in both domestic and international travel and tourism. The United States, the most important market for hotels, also bounced back from 2010 lows and experienced solid growth. The year 2012-13 also witnessed an evolution of strategies. While hotels still seek to stay current on revenue management, human resources and cost control, the trends surrounding electronic commerce and sustainability were among those that have become continuing and expanding issues for the hotel industry. The year also witnessed the customers' demand for sustainable hotel operations and couponing and daily deals for increasing brand loyalty as well as trend of blending hospitality with healthcare and well-being.

Not long ago, globalization meant that hotel brands from highly developed nations expanded into developing nations, whether through master franchises or by acquiring local firms. Globalization is now flowing in the reverse direction, as brands from developing nations are expanding to developed nations, as well as to other developing nations, like the Taj group and the Jumeirah group setting their footprints in the US and Europe.

After reeling under a downturn for almost two years,

2012 was a year that brought a ray of hope for the Indian hospitality industry following rise in foreign tourist arrivals and domestic travellers in large numbers also packing their bags to explore the country's attractive destinations. Meanwhile, a slew of leading global hospitality chains entered India during the year, with almost 12000 rooms added in the year 2012-13. An increase in the supply of new hotel rooms put pressure on hotel rates through the season, but efforts on keeping occupancy rates up and garnering higher food and beverage business helped the hotel industry sail through this year. India is one of the world's largest tourist destinations and will receive 25 million tourists by 2015. There will also be a shortage of 100,000 hotel rooms. This points to continuous growth in the Indian travel and tourism industry.

3. MARKET OVERVIEW: Hyderabad

Hyderabad has grown to be a favourite hub for investors as the city has not only provided quality infrastructure for property investments but have also added attractions like special economic zones, industrial parks, IT campuses, and international airport to its credit. Hyderabad has shown tremendous potential owing to the demands of the IT and ITES industry anchoring in the city. The primary demands of the Hyderabad real estate are driven by IT/ITES, Biotech, Pharmaceutical and Engineering, Telecom, Retail Banking, Financial and Insurance Services. It is also a house to many entertainment industries, and financial services. The geographical compartmentalization of hospitality offerings as well as customer preferences between the Central Business District (CBD) and the Hitec City area along with up-coming IT business hub in Gachibowli continued into 2012-13.

A report by Cushman & Wakefield on the hospitality industry in Hyderabad says that Hyderabad has been a sluggish market for hotel performance in 2012 as it has been gripped by some internal disturbances that keep arising in the region. It goes on to add that the trend is likely to continue till the government stimulates a positive sentiment around for business and leisure visitors. With the influx of new room inventory already in 2011-12, the current year was a period of consolidation of the market position for the various players in the city. The industry saw a rise in business in the food and beverage and banquets segments especially on account of rise in social functions and events. The city hosted the 11th Conference of the Parties to the UN Convention on Biological Diversity in October 2012 and Hyderabad being voted Winner of the Best City for MICE in Asia for Annual Mice Report Awards 2012.

Further, with the Hyderabad Airport aiming to become India's first cargo hub and work on the Hyderabad metro rail project going full stream there is no let down

on the pace of infrastructure activities in the metro. With its central location, world-class infrastructure, free trade and special economic zone, and huge presence of pharma sector, Hyderabad is ideally suited to be conference or MICE destination which would largely boost the hospitality industry in the city.

Chandigarh

Chandigarh is the first planned, modern city of India; the union territory includes the satellite cities of Mohali (Punjab), and Panchkula (Haryana). For long, the hotels in the city catered to the bureaucrats visiting the city for business purposes as well as transit tourists heading towards Himachal Pradesh or Shimla. For this reason, the city has had a dearth of branded hotels for all these years. This scene has changed with more international flights operating from the city and the growth of the IT industry in and around Chandigarh. Further, the city hotels have always got a boost from the business brought in by the cricket matches held at the Mohali Stadium.

The hospitality demand drivers here are the liberal government policies, economic reforms, and the interest from the IT sector, which have largely supported economic growth in the city.

The city has witnessed a spike in hotel room inventory with hotels like the JW Marriott, James Plaza from Sarovar Hotel and Resorts and the Lalit Chandigarh opening its doors to customers over the past two years. These new additions have added banqueting facilities also to supplement the already thriving restaurant business in town. Sheraton Chandigarh hotel from the Starwoods Hotels group is also proposed to be open by the end of calendar year 2013. The group already operates an Aloft brand hotel in the satellite town of Zirakpur.

Chennai

Chennai recorded the highest occupancy levels amongst the metros at 64%. The Average Room Rates were also hovering in the ₹5000 range. Being a manufacturing and industrial center, hotels in Chennai cater to many long stay guests. MICE is also a significant demand segment in the city as various automotive and pharmaceutical conferences are organized in the city. This is evident in the stable occupancy rates and room revenues. The Chennai five star hotel market would have nearly doubled in size. Various hospitality players like the Hilton, Hyatt, Leela, Radisson and ITC have opened their new properties over the year 2012-13. This has boosted the inventory by more than nearly 1500 rooms.

The growth in the IT/ITeS, automotive industry, as well as other manufacturing industries located in the city will sustain the growth in demand going forward. As a result of increased business activity, passenger traffic at the Chennai International Airport has witnessed a considerable increase too. The city's hotel market performance is expected to be strained in the near

term as a majority of the new supply have opened up in 2012-13, with a high proportion of new rooms in the 5-star segment. However, the adverse impact is expected to be short-lived, considering the significant commercial and industrial developments planned across the city.

4. FUTURE EXPANSION PLANS:

Taj Krishna

The construction of an additional Car parking facility along-with connecting bridge at the existing premises of Taj Krishna has been completed. Work has started on a 20,000 sq.ft open banqueting facility over the car park which will attract larger functions, exhibitions, conferences and events and with the synergy already available between Taj Krishna and Taj Deccan with the interconnecting bridge, the additional facility will bring in more room and F&B business to both properties. Further, the landscaping at Taj Krishna is also planned to be improved along-with a new swimming pool, fitness centre and Jiva Spa.

Investment in Mumbai Hotel

The Company jointly with M/s. Greenridge Hotels and Resorts LLP (Greenridge - a GVK Company) through its SPV M/s. Green Woods Palaces & Resorts Private Limited (Green Woods) are setting up a 5 Star Deluxe (Luxury category) Hotel Project comprising of 275 rooms near Terminal 1C, at Mumbai International Airport Private Limited (MIAL), Santacruz, Mumbai under the 'TAJ' brand.

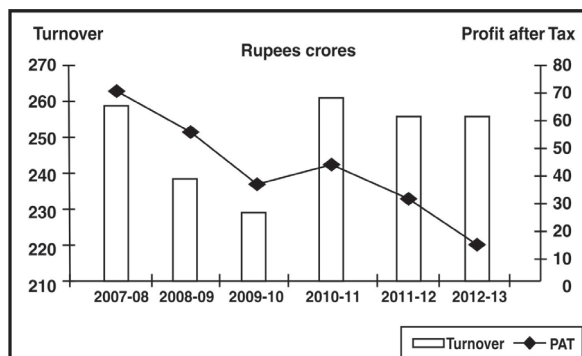

Necessary agreements to this effect have been entered into. TAJGVK in tranches would invest around ₹110.25 crs in the Hotel Project.

Other plans

The Company has been allotted around 6 acres of land at Yelahanka near Bangalore for hotel project. The Company is also planning to enter the value for money segment through the 'Ginger' brand in Andhra Pradesh. The excavation works on the first Ginger hotel on a site located near the Shamshabad International Airport have been completed and civil work is expected to commence in due course.

Profit after Tax:

The PAT decreased by 70% to ₹8.78 crores from ₹29.33 crores in the previous year.

6. RISK MANAGEMENT: Risks and Concerns

Economic Risks: Hotel business in general is sensitive to fluctuations in the economy. The hotel sector may be unfavourably affected by changes in global and domestic economies, changes in local market conditions, excess room supply, reduced international or local demand for hotel rooms and associates services, competition in the industry, government policies and regulations, fluctuations in interest rates and foreign exchange rates and other natural and social factors. Since demand for hotels is affected by world economic growth, a global recession could lead to a downturn in the hotel industry.

Socio-Political Risks: The Hotel industry faces risk from volatile socio-political environment, internationally as well as within the country. India, being one of the fastest growing economies of the world in the recent past, continues to attract investments. However, any adverse events such as political instability, conflict between nations, terrorist attacks or spread of any epidemic or security threats to any countries may affect the level of travel and business activity.

Security Risks: The Hotel industry demands peace at all times to flourish. The biggest villain in South East Asia has been terrorism supplemented by political instability. Subsequent to the Mumbai terror attacks in November 2008, the hotel industry has invested substantially on security and intelligence. The security concerns have been duly addressed instilling confidence in the customer by providing international standards of safety.

Company-specific Risks

Heavy Dependence on India:

Risk of wage inflation: The hotel industry needs quality employees and with demand for the same improving across the industry, the Company feels that wage inflation would be a critical factor in determining costs for the Company. Thus, your Company will continue to focus on improving manpower efficiencies and creating a lean organisation, while maximising effectiveness in terms of customer service and satisfaction, which is an area of great importance for your Company.

Foreign Exchange Risk: Your Company may be impacted by the fluctuation of the Indian Rupee against other foreign currencies. To mitigate this risk the Company has migrated to single currency billing in Indian Rupees.

Project Implementation Risk: Your Company may be impacted by delays in implementation of projects which would result in increasing project cost and loss

of potential revenue. To mitigate this risk, the Company has in place an experienced project team supported by the leading external technical consultants and a dedicated project management Company. The Company will endeavour to complete its projects on time at optimal cost so as to maximise the profitability.

7. INTERNAL CONTROLS:

Your Company's Internal Auditors carry out audit of the transactions of the Company at all the hotels and the corporate office periodically, in order to ensure that recording and reporting are adequate and proper. The Internal Audit also verifies whether internal controls and checks & balances in the systems are adequate, proper and up to date. Corrective actions for any weaknesses in the system that may be disclosed by the Audits are taken. The Internal audit is based on an exhaustive list of parameters called the Taj Positive Assurance Model (TPAM) which identifies the critical issues needing immediate management attention. The meticulous implementation of the improvements resulting from the TPAM exercise has overhauled the existing system and resulted in higher efficiencies.

The Audit Committee of the Board reviews the important observations of the Internal Audit and suggests corrective actions for the management to implement. The Internal Audit team also assesses the risks facing the company, steps taken to mitigate the risks and holds discussions with the management on the subject in order to create awareness of the risks and to take appropriate actions for reducing the impact and frequency of occurrence of the risks.

The Audit Committee of the Company meets periodically to review and recommend quarterly, half-yearly and annual financial statements of the Company. The Committee also holds discussions with the internal auditors, statutory auditors and the management on the matters relating to internal controls, auditing and financial reporting. The Committee also reviews with the statutory auditors, the scope and results of the audits.

8. HUMAN RESOURCES:

Human Capital

The goal for any business is to invest capital and obtain enough return on it so that it maximises shareholder value. Successful strategy execution depends on access to intellectual and operational knowhow, customer and supplier relationships, a committed workforce, and other such intangibles. At the heart of making these intangibles come-alive is the firm's investment in human capital.

Companies need to measure the value that employees bring to the organisation, evaluate their impact on business performance and then align them with the business results. Companies have always measured their investments in more tangible assets such as

buildings, equipment and even new products. But the value addition done by human capital to the tangible investment also needs to be ascertained and recognised for successful achievement of the vision and mission of an organisation. Therefore, your Company endeavours to take a more strategic and supportive approach to recruiting and retention to find and retain the new breed of evolving talent.

Recognition & Communication

Your Company has inculcated the best practices of Human Resources of Taj Group to weight its Human resources capital. In line with the corporate guidelines, the '**STARS**' –Special Thanks and Recognition System is being followed to motivate the associates who excel in their service standards and reward them accordingly. The TATA core values are imparted to associates including new inductees, through the Tata Code of Conduct – TCOC as a group policy along with the Sexual Harassment Redressal Policy – SHRP. An Employee Satisfaction Survey is conducted at the end of every financial year by an external organization, the Gallup Organization to provide feedback to the Company on the satisfaction levels so as to enable the Company to frame necessary measures to improve the work environment. Acts of excellence are recognized by displaying the names of the employees on the notice board.

A continuous dialogue between the management and the associates is promoted through the monthly Town Hall meetings.

Social Activities

The Joy at Work or "JAW" initiative is the other benefits that the organization gives to its associates which are necessary for contravening the day to day work activities and giving the associates the necessary break. These activities are conducted for the associates as an avenue to unwind from their busy work schedules.

1. Movie Screening
2. Employee Recognition
3. Medical facilities including a dental, yoga & an eye camp provided to associates
4. Food Festival
5. Team outings for the Associate
6. A wide range of sports both indoor and outdoor, are held to keep the employees bright which is essential for the work place culture.

The following Year of Associate(YOA) initiatives have been rolled out for the associates:

- ◆ Birthday Celebrations including cake and meal for the family.
- ◆ Total employee involvement initiatives.
- ◆ FTC medical insurance cover.
- ◆ Free stay for newlyweds and Retiring employees.
- ◆ Health Camp.

- ◆ Up gradation of Heart of the House facility.
- ◆ Learn at Taj: Children of the associates have been given scholarships to 3 Taj scholars on merit based in their age category
- ◆ Paternity leave: 1 week leave has been provided
- ◆ Vidya scheme: the associates of the hotels have been driven for computer literacy.
- ◆ Bridging gaps
- ◆ House system.
- ◆ Partner of the month.
- ◆ Mid management holiday plan
- ◆ Hotel management scholarship.

The various initiatives and endeavours which have been talked about here are part of a greater strategy set in place by the Company. The aim is to bring the employees together in a cohesive structure that works efficiently towards the larger ideals and goals of the Company, without losing sight of the dynamics that exist at a more personal level. The professional satisfaction quotient of an employee dictates his/her productive output, which in turn enhances and contributes towards the larger goal of providing the best customer service possible.

9. CORPORATE SOCIAL RESPONSIBILITY(CSR):

Your company believes in undertaking for the society and play an active role in contribution towards the society and taking the environmental and social responsibility sincerely. It continues to be a member of the Tata Council for Community Initiative (TCCI) which carries out social development programs.

A New Year lunch is organized by each of the hotels in our group. The New Year is ushered in with lunch served in Little Sisters of Poor home for the aged, Ashray Akuruthi School for the hearing impaired and Don Bosco Navajeevan a shelter for the street children. Each of our hotels distributes discard linen, uniforms, lost and found articles as per the corporate directive to registered underprivileged organizations.

In alignment with the theme 'Building livelihoods we have trained adolescents / adults in F & B Service, Food Production, Housekeeping to equip them with skills for developing in their future endeavours. Local organisations like Don Bosco were instrumental in assisting our hotels in acquiring youth to train. Training of specially challenged adolescents is a continuous culture followed at our hotels which has been inspirational and a challenge which can be cherished.

Support by purchasing products from different NGO's to provide them sustainable income was a good step taken in the right direction. Printing of associate's birthday cards from PAWMENCAP, a school for the specially challenged, purchase of articles made by the physically challenged and leprosy affected supported and promoted by MESH organization are gifts for all the rewards and recognition initiatives for associates.

NGO's are given a platform to showcase their products and sell them to associates. Products included handmade jute products by women self-help groups, products by weavers, organic bakery products etc. The sales give them incredible support and enthusiasm. A blood donation camp was organized on 1st October, World Voluntary Blood Donation Day which is used for Thalesimic patients in particular. Associates from our hotels spend quality time with children affected with cancer in the MNJ Cancer hospital distributing colours, books and snacks which is enduring.

The total beneficiaries from Corporate Social Responsibility are 1314 and there are 143 volunteers from the TAJGVK group and will continue to scale many a heights in future.

The organisations/NGO'S who have been benefited from our CSR:

1. MESH
2. Hyderabad Goes Green
3. Don Bosco Navajeevan
4. Vocational Rehabilitation Center
5. Boys Town
6. Cancer Patients Aid Association
7. Dr. Reddy's Foundation

EARTH (Environment Awareness and Renewal at Taj Hotels):

"Earth provides enough to satisfy every man's needs, but not every man's greed." - Mahatma Gandhi.

The above view propagates the need to view climate change as the greatest challenge to face man and treated as a much bigger priority than it has been in the past. As you are aware, your Company believes and inculcate by spreading knowledge and through their practises in playing an important role in preservation of the natural elements. World Environment Day on 5th June is observed worldwide and at the Taj hotels it is the EARTH - Environment Awareness and Renewal at Taj Hotels.

Each year this day is of huge importance wherein activities involving associates are intended and achievements by the hotels in areas like reducing water consumption, saving electricity and waste management is dealt with. Activities included an Eco-walk in which associates of our hotels participated in solidarity for Our Planet Earth, sapling plantation, pollution check for guests and associates vehicles, sales by organizations who promote and make environment friendly products and to add a delicious 'Green Menu' at the staff cafeteria.

Your Company has attained an Earth Check Certification at the Silver level. Earth Check is a global brand that includes programs for sustainability, carbon neutrality and Benchmarking, Certification and Performance Improvement. The overall objective is to target specific areas in environment awareness like waste minimization, reuse, recycling, energy effi-

ciency, conservation, management, management of freshwater resources, waste water management, hazardous substances management, transport, land-use planning and management, involvement of staff, customers, communities in environmental issues, design for sustainability and partnerships for sustainable development. Over the next few years your Company aims to upgrade the level of certification by improved performance in all the above mentioned areas.

Your Company has also attained The International Organisation for Standardization (ISO) 14001:2004 is a world wide federation of national standards bodies (ISO member bodies). International Standards covering environmental management are intended to provide organizations with the elements of an effective Environmental Management System (EMS) that can be integrated with other management requirements and help organizations achieve environmental and economic goals and objectives which take into account legal requirements and other requirements to which the organization subscribes, and information about significant environmental aspects.

10. OUTLOOK AND THE WAY FORWARD:

In its twice-yearly Economic Outlook, the Organisation for Economic Cooperation and Development forecast the world economy would grow 3.1 percent in 2013 before accelerating to 4 percent in 2014. The dynamics for a gradually accelerating US recovery are already in place. The balance of forces affecting US consumer spending have turned positive. Housing is finally showing signs of life and can be expected to keep improving over the next year. Recent policy actions by the European Central Bank and EU governments have reduced the financial risks related to the Eurozone sovereign-debt crisis and helped to reduce long-term interest rates in the hardest-hit economies. In the coming year, not only will some of the big-four threats another US recession, a Eurozone meltdown, a Chinese hard landing, and a war in the Persian Gulf become less menacing, but there could be some upside surprises as well. Chief among these is pent-up demand from consumers and businesses. The Economic Outlook for India also predicts a growth rate of more than 5% for the year 2013-14.

The Indian hotel industry witnessed a huge influx of room inventory in the form of new hotels of existing local brands as well as entry of foreign hospitality players. This put pressure on the Average Room Rates and thus the profitability margins. The market is expected to go through a stage of consolidation in the year 2013-14 with the demand catching up with this additional supply. Hospitality companies need to have an efficient multi-channel distribution strategy and focus on consumer loyalty to sustain their top-lines through a valued customer experience. Many companies have reduced their operational costs through a combination of shared services, off-shoring and outsourcing.

But to cut costs further, hotel companies should also consider simplifying the underlying organizational portfolio, process and infrastructure complexities.

In the current challenging economic environment, leading hospitality companies are leveraging social media and business analytic platforms to gain insight into customer preferences and drivers of customer loyalty. The hospitality landscape is evolving quickly as new technology demands that hotels become more social and engaging in their marketing efforts, travelers are looking for the best value propositions, and consumer demand is pushing for hotels to make concerted efforts on property upgrades and improvements. Another trend which is witnessed is that many hotel companies focus on increasing their presence in less saturated, faster growing emerging markets to expand customer reach. As broadband connections and credit card penetration grow in these developing markets, online travel bookings are likely to increase, driving the need to access consumers in these new markets through online branding and marketing.

Today the tourism and hospitality industry in India contributes around 6.23 per cent to the national GDP and 8.78 per cent of the total employment in the country. The constant transformation has made the Indian hotel industry more functional and practical and has gained a level of acceptance world over. With the continued growth in India's GDP, improvement in the per capita income and increased aspirational spending, the Indian hospitality sector is expected to grow faster than most countries around the world.

11. CAUTIONARY STATEMENT :

Statement in the Management Discussion and Analysis describing the company's objectives, projections, estimates and expectations may be 'forward securities laws and regulations. As 'forward looking statements' are based on certain assumptions and expectations of future events over which the company exercises no control, the company cannot guarantee their accuracy nor can it warrant that the same will be realised by the company. Actual results could differ materially from those expressed or implied. Significant factors that could make a difference to the company's operations include domestic and international economic conditions affecting demand, supply and price conditions in the hospitality industry, changes in government regulations, tax regimes and other statutes.

REPORT ON CORPORATE GOVERNANCE

Corporate Governance (CG) the system, by which corporations are directed and controlled. The governance structure specifies the distribution of rights and responsibilities among different participants in the corporation (such as the board of directors, managers, shareholders, creditors, auditors, regulators, and other stakeholders) and specifies the rules and procedures

for making decisions in corporate affairs. Governance is a mechanism for monitoring the actions, policies and decisions of corporations. Governance involves the alignment of interests among the stakeholders. CG has also been defined as "a system of law and sound approaches by which corporations are directed and controlled focusing on the internal and external corporate structures with the intention of monitoring the actions of management and directors and thereby mitigating agency risks which may stem from the misdeeds of corporate affairs.

CG conducted by the board of Directors and the concerned committees for the company's stakeholder's benefit. It is all about balancing individual and societal goals, as well as, economic and social goals.

CG deals with determining ways to take effective strategic decisions. It gives ultimate authority and complete responsibility to the Board of Directors. In today's market-oriented economy, the need for corporate governance arises. Also, efficiency as well as globalization is significant factors urging CG. CG is essential to develop added value to the stakeholders. It encourages a trustworthy, moral, as well as ethical environment. Your management believes the good CG will give benefit to the nation as well to the corporate world and the features of CG are defined:

- ◆ Good Corporate Governance ensures corporate success and economic growth.
- ◆ Strong Corporate Governance maintains investors' confidence, as a result of which, company can raise capital efficiently and effectively.
- ◆ It lowers the capital cost.
- ◆ There is a positive impact on the share price.
- ◆ It provides proper inducement to the owners as well as managers to achieve objectives that are in interests of the shareholders and the organization.
- ◆ Good Corporate Governance also minimize wastages, corruption, risks and mismanagement.
- ◆ It helps in brand formation and development.
- ◆ It ensures organization in managed in a manner that fits the best interests of all.

Your Company is continuing the implementation of "Green Initiative in Corporate Governance" as per the directions of Ministry of Corporate Affairs by allowing paper less compliances by Company's through electronic mode. It is a welcome move for the society at large, as this will reduce paper consumption to a great extent and allow public at large to contribute towards a greener environment. The necessary documents including Annual Report etc., has been posted in the Company's website www.tajgvk.in to enable the members to view the same.

The Company's policy to implement the Corporate Governance is just not merely to meet the statutory requirements, but also to go beyond that by putting into place the procedures and systems, which are in

TAJGVK HOTELS & RESORTS LIMITED

accordance with the best practices of Corporate Governance.

With a view to achieve the above objectives, the Company through formalised Meetings, Committees consisting of key Managerial Personnel, reviews periodically various activities and operations of the Company.

In accordance with the requirement of Stock Exchange Regulations and the provisions of the Listing Agreement, the compliance report on the Corporate Governance is reproduced here under:

Auditors' Certificate on compliance of conditions of corporate governance as per clause 49 of the Listing Agreement with the stock exchanges:

To the Members of
TAJGVK Hotels & Resorts Limited

We have reviewed the compliance of conditions of Corporate Governance by TAJGVK Hotels & Resorts Limited, for the year ended on March 31, 2013, as stipulated in Clause 49 of the Listing Agreement of the said Company with Stock Exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination has been limited to a review of the procedures and implementations thereof adopted by the Company for ensuring compliance with the conditions of the certificate of Corporate Governance as stipulated in the said Clause. It is neither an audit nor an expression of opinion on the financial statements of the Company.

No investor grievances are pending for a period exceeding one month against the Company as per the records maintained by the Company.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the Directors and the management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 of the above mentioned Listing Agreement.

We further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITORS REPORT

To the Members of TAJ GVK Hotels & Resorts Limited, Hyderabad (A.P.)

Report on the Financial Statements

1. We have audited the accompanying financial statements of **TAJ GVK Hotels & Resorts Limited, Hyderabad (A.P.)** (the "Company"), which comprise the Balance Sheet as at 31st March, 2013, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information, which we have signed under reference to this report.

Management's Responsibility for the Financial Statements

2. The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of 'the Companies Act, 1956' of India (the "Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
4. An audit involves performing procedures to obtain audit evidence, about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

6. In our opinion, and to the best of our information and according to the explanations given to us, the

accompanying financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2013;
- b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

7. As required by 'the Companies (Auditor's Report) Order, 2003', as amended by 'the Companies (Auditor's Report) (Amendment) Order, 2004', issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
8. As required by section 227(3) of the Act, we report that:
 - (a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this report comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Act;
 - (e) On the basis of written representations received from the directors as on 31st March, 2013, and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2013, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

i. Basis of preparation of financial statements:

The financial statements have been prepared to comply in all material respects with accounting principles generally accepted in India and the applicable Accounting Standards notified under Section 211(3C) [the Companies (Accounting Standards) Rules, 2006 (as amended)] and the provisions of the Companies Act, 1956 of India ("the Act"). The financial statements have been prepared under the historical cost convention on accrual basis.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule VI to the Companies Act, 1956. Based on the services rendered and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

ii. Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in India requires management, where necessary, to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised.

iii. Revenue Recognition:

- a. Income from guest accommodation is recognised on a day to day basis after the guest checks into the Hotels. Income from Food and Beverages are recognised at the point of serving these items to the guests. Income stated is exclusive of amount recovered towards Sales Tax, Luxury Tax, and Service Tax.
- b. Shop rentals are recognized on accrual basis.
- c. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
- d. Insurance claims are recognized as and when they are settled / admitted.

iv. Inventories:

Inventories are valued at lower of cost, ascertained at Weighted Average Method, or realizable value.

v. Fixed Assets:

- a. **Tangible Assets:** Fixed assets are stated at cost, net of credit availed in respect of any taxes,

duties less accumulated depreciation. Cost comprises of the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Financing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for intended use are also included to the extent they relate to the period up to such assets are ready for their intended use. Expenditure directly relating to construction/ erection activity is capitalized. Indirect expenditure incurred during construction period is capitalized as part of the construction cost to the extent such expenditure is related to construction or is incidental thereto.

Direct expenditure during construction period attributable to the cost of assets under construction is considered as capital work in progress and indirect expenditure is included under expenditure during construction period pending allocation.

- b. **Intangible Assets:** Computer software is classified under "Intangible Assets".

- c. Subsequent expenditure incurred on existing fixed assets is added to their book value only if such expenditure increases the future benefits from the existing assets beyond their previously assessed standard of performance.

vi. Depreciation and Amortisation:

- a. Depreciation on tangible assets put to use is provided on straight line method at the rates prescribed and in the manner laid down under Schedule XIV to the Companies Act, 1956.
- b. Intangible assets are amortised over the useful life of the asset.
- c. Depreciation on additions made to assets in licensed property is provided at the rates worked out on the basis of balance license period or at rates as per Schedule XIV.

vii. Leases:

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of assets over the lease term, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

viii. Foreign Exchange Transactions:

- a. **Initial recognition:** Transactions in foreign currencies are initially recorded at the exchange rates prevailing on the date of the transaction.
- b. **Translation:** Foreign currency monetary items as at the Balance Sheet date are reported using the year end closing rate. Any gain or loss on

such translation or settlement is recognised in the statement of profit and loss.

ix. Investments:

Investments that are readily realisable and are intended to be held for not more than one year from the date of such investment are classified as current investments. All other investments are classified as long term.

Long term Investments are valued at cost of acquisition including related expenses. Provision is made for diminution in the value of investments, if any, if such decline is other than temporary. Current investments are stated at lower of cost and fair value.

x. Unamortised Expenses:

Preliminary expenses of erstwhile Sri Tripurasundari Hotels Limited merged with the Company, are being written off over a period of 5 years from the year of commencement of operations of the hotel at Chennai.

xi. Retirement Benefits:

a. Defined Contribution Plan:

Company's contribution paid/payable during the year to Provident Fund, Employees State Insurance Corporation and Labour Welfare Fund are recognized in the Profit and Loss Account.

b. Defined Benefit Plan:

Gratuity to employees is covered under Group Gratuity Life Assurance Scheme. At the reporting date, Company's liability towards gratuity is determined by independent actuarial valuation using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Actuarial gain and losses are recognized in the Statement of Profit and Loss as income or expense. Obligation is measured at the present value of estimated future cash flows using a discount rate that is determined by reference to market yields at the Balance Sheet date on Government Bonds where the currency and terms of the Government bonds are consistent with the currency and estimated terms of the defined benefit obligation.

c. Company recognizes the undiscounted amount of employee benefits like Leave Encashment, Leave Travel Assistance, etc., during the accounting period based on eligibility of employee as per Company's rules in this regard.

xii. Borrowing Costs:

General and specific borrowing costs directly attributable to the acquisition, construction of qualifying assets, which are assets that necessarily

take a substantial period of time to get ready for their intended use, initially carried under expenditure incurred during the construction period are added to the cost of those assets, till such time the assets are substantially ready for their intended use.

All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

xiii. Taxes on income:

a. Tax expense comprising of current and deferred tax, are considered in the determination of the net profit or loss for the year.

b. Current tax: Provision for current tax is made for Income-tax liability estimated to arise on the profit for the year at the current rate of tax in accordance with the Income-tax Act, 1961.

c. Deferred Tax: In accordance with the Accounting Standard - 22, Accounting for taxes on income, the company has recognised the deferred tax liability in the accounts. Deferred tax reflects the impact of timing differences between taxable income and accounting income. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax asset is recognised only to the extent there is virtual certainty that sufficient taxable income will be available in future against which such deferred tax asset can be realised.

d. Minimum alternate tax (MAT) credit: MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal tax within the specified period and the MAT credit available can be utilised. Such asset is reviewed at each Balance Sheet date and the carrying amount is written down if considered not recoverable within the specified period.

xiv. Earnings per share:

a. **Basic earnings per share:** Basic earnings per share is calculated by dividing the net profit or loss for the year after tax attributable to equity share holders by weighted average number of equity shares outstanding during the period.

b. **Diluted earnings per share:** Diluted earnings per share is calculated by dividing the net profit or loss for the year after tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

xv. Impairment of assets:

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generation unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the profit and loss account. If at the balance sheet date there is an indication that if previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

xvi. Provisions and Contingencies:

A provision is recognised when the Company has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable

estimate can be made. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a probable obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, and such liability that may arise is termed as a contingent liability.

xvii. Segmental Reporting:

Disclosure of segment wise information is not applicable as hoteliering is the Company's only business segment.
